

HARDING AND
ROOT CONFER.

President-Elect Gets Views on
World League.

Col. Harvey Urges New
Agreement of Nations.

Bryan to Discuss Question of
War Referendum.

(BY A. P. NIGHT WIRE.)
MARION (O.) Dec. 13.—President-elect Harding today discussed the problems of his administration with Elihu Root, former Secretary of State, and one of the most notable of the nation's elder statesmen.

International relations and the prospect for an acceptable world peace association held the center of attention in their four-hour talk. Mr. Harding drawing exhaustively upon the recent experience of his visit as an adviser abroad, in the formation of a world court under the Versailles League. The President-elect asked many questions about details of the court plan and about the present attitude of European states toward the League.

Neither would comment on the result of the conference except to say that no conclusions had been reached. It is indicated that Mr. Harding was attempting to form no opinion for the present, but was content to gather information and advice.

UNDER WORLD AGREEMENT.
Coincident with Mr. Root's visit, it became known that Col. George Harvey, the New York editor, who had been the guest of the President-elect since Saturday, is urging Mr. Harding to advocate a world agreement that no nation would resort to offensive warfare until it had been approved by the world.

Col. Harvey did not indicate to what degree his proposal had been approved but he expressed hope that some such provision would be written in any agreement.

The war referendum proposal has been advanced many times during the peace treaty fight and several resolutions embodying it were introduced in the Senate. One of its leading advocates has been William J. Bryan, who is to confer with Mr. Harding Friday.

WOULD AMEND TREATIES.
In presenting the details of the new world court, which was unanimously adopted today by the Assembly of the League of Nations, the former secretary is understood to have suggested that a considerable step toward peace might be taken by amending arbitration treaties to the world over, so that the justifiable questions would all be referred to the tribunal for decision.

There are about 200 such treaties now in existence, but most of them provide for decisions by nonpermanent commissions of various character.

He added that the court as planned by the commission, of which he was a member, would not prevent war of policy, such as the recent World War, but would go a long way toward removing the element of danger from questions arising from real differences of opinion. The court as planned, would have jurisdiction only when both litigants agreed to put their case in its hands.

MAY FURNISH BASIS.
In all of his contemplation of a world association of nations, Mr. Harding has had in mind some such international court, and in outlining his campaign policy on the League, he suggested that the League tribunal might furnish the basis for such an institution. The aspect of a diplomatic conference than of a legal establishment.

Tomorrow the Senator will talk over the League and other questions with Gov. William C. Spring of Pennsylvania, and W. W. Atterbury, vice-president of the Pennsylvania Railway, who was head of the American government's railroad system in France during the war.

to regain our interrupted naval power, and this end is not yet. The only safety lies in steady progress to the goal of equality when the cost of upkeep becomes comparatively small.

With 141 submarines built and building the board asks for only six of the cruisers and five of the mine-laying types of which we have none. Four airplane-carrying ships of which we have none also are urgently required. A one-year program of naval airplane construction is recommended.

RUSSIAN COUNT IS
GRANTED FREEDOM.

DETAINED AT ELLIS ISLAND, IS
CLEARED FOR DEPARTURE BY
INQUIRY BOARD.

(BY A. P. NIGHT WIRE.)
NEW YORK, Dec. 13.—Mal-Gen. Count A. Cherep Spiridovich, former head of the Russian Imperial Marine Corps, was released from detention at Ellis Island today, and admitted to this country, after having been held by immigration authorities since Saturday.

At the preliminary inspection, Allen Spiridovich had been unable to convince the authorities that he was not coming here to conduct anti-Jewish propaganda. A special inquiry board cleared him of this suspicion today, when he showed letters from William G. McAdoo, former secretary of the treasury, which proved by other documents that he was well-known in society, both here and in Newport, R.I.

BRITAIN GETS
AFTER MEXICO.

England Loses Supremacy in
Oil Interests.

Asks Restoration of Railways
Seized by Nation.

Demand for Payment Causes
Sensation at Capital.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Dec. 13.—The tremendous increase in shipments of oil from Mexico by American companies which have been from the British interests, the supremacy in this industry is believed here to be the reason for the sudden change in front of the British government regarding the Mexican situation.

It was reported today that the British, in addition to securing great petroleum concessions during the last days and even hours of the De la Huerta regime, are exerting pressure upon the Mexican government for the restoration of the railways and other seized properties.

The payment of \$1,000,000 pesos to cover the earnings of the seized railways during the time they were held and operated by the Mexican government and to so arrange matters that the \$1,000,000 pounds sterling of British capital in Mexico shall be able to pay something on the investment.

LOSERS OIL SUPREMACY.
Statistics in the possession of the State Department show that the British, the chief British oil company operating in Mexico, has lost its supremacy that was unquestioned two years ago in the Tampico oil region and that now two and frequently three American companies surpass it in the amount of oil shipped from Mexico each month.

This is the chief British investment in Mexico that has been able to pay dividends during the last ten years, and represents less than 10 per cent of the total British investments in that country.

British officials have recently notified the Mexican authorities that the British capital invested in Mexico reached the total of \$20,000,000 sterling, and that since 1919 (this enormous investment has been productive, 90 per cent of the investment has not yielded a penny to the shareholders and the companies have been forced to defer dividends and have been unable to make any payments on bonds.

ACTION CAUSES RENOVATION.
At a recent meeting of the railway board in London, at which H. H. Stuart, secretary-general of the company owning the Inter-Oceanic Railway presided, it was decided to notify Mexico of the facts in the situation and ask in the name of British investors for the immediate restoration of the Inter-Oceanic, the Mexican Southern, the Oriental and Vera Cruz-Alvarado Railway lines with the payment of \$2,000,000 pesos, or \$11,000,000 gold for the earnings of the lines since they were seized by the government.

Today's advice from Mexico City received from the government was that the British demand was made it created a sensation in diplomatic and financial circles and in the situation and ask in the name of British investors for the immediate restoration of the Inter-Oceanic, the Mexican Southern, the Oriental and Vera Cruz-Alvarado Railway lines with the payment of \$2,000,000 pesos, or \$11,000,000 gold for the earnings of the lines since they were seized by the government.

Kidnaped Fresno
Boy Rescued; Man
Held on Charge

(BY A. P. NIGHT WIRE.)
FRESNO, Dec. 13.—Billie Rowell, aged 14, outwardly self-possessed, was rescued today from the clutches of a kidnaper following his thrilling experience of being kidnapped and held for \$1500 ransom in Fresno.

The school boy is the son of Mr. L. Rowell, prominent business man of Fresno. The boy was rescued last night.

I. M. Stalker, aged 31, is being held in jail for charged with kidnapping. He has confessed, according to Sheriff Jones.

MORNING.

KING

WILL STICK.

Declares He Will

Indicate Throne.

Correspondents

From Farwell.

Head Much Higher

Than the Election.

(Continued from First Page)

The king, who had been

in the city since the

beginning of the

crisis, today declared

that he would not

abandon his throne.

His declaration was

made in a public

statement in which

he said that he was

not a candidate for

the throne, but that

he would indicate

his position by his

conduct.

The king's declaration

was received with

great interest by

the public, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the press, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the public, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the press, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the public, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the press, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the public, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the press, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the public, and was

regarded as a

significant statement

of his position.

The king's declaration

was also received

with interest by

the press, and was

higher and his eyes had more light

in them. And too, the hotel at

tached bowed a little lower when

the exiled king and his family

passed. But little Catherine, who

is the godchild of the Greek army,

went on playing happily around the

hotel, oblivious of what was hap-

pening.

CALIFORNIAN DIES.

IN CONSTANTINOPLE.

CAPT. JAY H. ROBINSON HAD

BEEN DISTINGUISHING HIMSELF

FOR NEAR EAST RELIEF.

(BY CABLE AND ASSOCIATED PRESS.)

CONSTANTINOPLE, Dec. 12.—

Capt. Jay Robinson, U.S.A., of Oak-

land, Cal., died in the American

hospital here yesterday. He was

in charge of grain distribution for

the American Commission for Re-

lief in the Near East.

WASHINGTON, Dec. 12.—Capt.

Jay Robinson, U.S.A., reported in

cable dispatches as having died in

an American hospital at Constantin-

ople Saturday, he believed at Amer-

ican Red Cross headquarters here, to

have been Jay Harold Robinson of

132 Eddy street, San Francisco, for-

merly with the Red Cross in the

Near East. Robinson was released

overseas, and is thought to have

joined another Red Cross organiza-

tion in the War Department

headquarters, but before the war he

was acting as an agent for the

commission for Near East Relief, was

an owner of the Beebe mine, at

Georgetown, Cal. He was also a

machinery factory agent in Oakland,

where his mother, Mrs. H. E. Rob-

inson, lives.

Robinson was born in California,

forty-six years ago. He had been a

broker in Honolulu, Hawaii, and had

been an inspector and construction

foreman for the Southern Pacific

company. He was unmarried.

In May, 1918, he went to the Near

East for the Red Cross.

TEN YANKEE SHIPS

IN GERMAN HARBOR.

PACIFIC COAST VESSELS AT

HAMBURG BUSY UNLOAD-

ING GRAIN SHIPMENTS.

(BY CABLE AND ASSOCIATED PRESS.)

HAMBURG, Dec. 12.—Ten Ameri-

can ships were counted yesterday by

the correspondent in a general tour

of Hamburg Harbor as against six-

tying the British fleet in the

French, four the Dutch and one the

Japanese. The American vessels,

two of which were under charter to

the Chicomine of Seattle; the Belle

and the Rose of Kearney, the Eastern

Breeze and the Victor of the Victo-

rious of San Francisco.

Small shipments of print paper,

pasteboard, artificial flowers, pianos

and other miscellaneous cargo, in-

cluding airplanes, which the Ensign

is trying to prevent Germany from

exporting, awaiting shipment to the

United States, are in the gigantic

warehouses of the Hamburg-Ameri-

can line.

USES OIL TO START

FIRE; TWO KILLED.

(BY A. P. DAY WIRE.)

BURLINGTON (Iowa) Dec. 12.—

Mrs. Harry Lamansky, 28 years old,

and her sister, Anna Kasak, 25 years

old, are dead as the result of burns

suffered Sunday morning in a fire

that destroyed the Lamansky fam-

ily house, about five miles south of

Brighton, Iowa. Mr. Lamansky

was seriously burned, but will

recover. Mrs. George Hook of

Pleasant Plain, mother of the two

women is at the point of death, hav-

ing collapsed when informed of the

tragedy.

Mr. Lamansky started the kitchen

fire with kerosene and the oil blaz-

ed up. The flames spread so quickly

that they trapped Miss Kasak in the

burning house. She managed to get

out, but was so severely burned

that she died later.

Lamansky was burned in rescuing

his three children and in an at-

tempt to save his wife.

MORGENTHAU MAY

REPRESENT WILSON.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 12.—White

House officials intimated today their

belief President Wilson had decided

to name Henry Morgenthau, former

ambassador to Turkey, to act as his

personal representative to mediate

between the Armenians and the

Turkish Nationalists.

While the President is known to

have settled upon an appointment,

no announcement of it has yet been

made.

DEADLOCK PREVAILS

ON CABLE QUESTION.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 12.—Ten

hours of discussion today and to-

night brought from delegates to the

international communications confer-

ence tonight no announcement

of a definite basis of agreement on

disposition of the former German

cables. When the session broke up

last night, it was announced that

another plenary session would be held

CONSOLIDATION OF ROADS URGED

Purpose of Esch-Cummins Bill is Explained.

Misrepresentation is Charged by One of Authors.

Grouping of Big Systems is Favored.

(BY A. P. NIGHT WIRE.)
NEW YORK, Dec. 13.—Further consolidation of the railroads of the country under proper regulation and through processes of evolution, rather than revolution, was approved by speakers at a dinner tonight in honor of S. Davies Warfield, president of the National Association of Owners of Railway Securities. Other speakers included Representative J. E. Esch, co-author of the Esch-Cummins bill, and Mr. T. H. Herrick of Cleveland, president of the Society of Savings. The Transportation Act, Esch explained, provides for preparation of a plan for grouping, or consolidation of the many railroad systems into a limited number of large controlling systems, of approximately equal strength. The carrying out of this plan, he said, will help to solve the problem of the weak sister, improve service and eliminate overcapitalization in the constituent roads making up the consolidation. EFFECT MISREPRESENTED. Most of the opposition to the act, Representative Esch declared, has arisen out of Section 422, providing for the grouping of roads.

NEW CHIEF WANTS TO CLEAR MYSTERY.
CHICAGO POLICE HEAD ASKS ARREST OF SLAYER OF "BIG JIM" COLOSIMO.

(EXCLUSIVE DISPATCH.)
CHICAGO, Dec. 13.—New York police have been asked to arrest an Italian who, it is believed here, shot and killed "Big Jim" Colosimo in his cafe in spring. This is the first tangible result of renewed inquiry into the case, Charles Fitzmorris, new Chief of Police, proposes to have the murderer punished instead of permitting it to pass into the long list of "unsolved mysteries."

Recently it became known that robbery was the motive for the killing. It is said that between \$150,000 and \$175,000 in thousand dollar bills had been assembled for a big heist. It never reached its destination. It is believed the assassin knew the precise moment Colosimo would have the money on his person and slew him for it. It is further said that New York police have been asked to arrest the man who imported the killer. The man who imported the killer was also anxious to dispose of "Big Jim," who was a powerful boss and whose influence was constantly growing in political and labor fields until he had become a decided menace to lesser lights who could not continue in business without his sanction.

BOY LOSES LIFE IN BATTLE WITH POSSE.
THREE LADS CHARGED WITH STEALING AUTOBILES; TWO CAPTURED.

(BY A. P. NIGHT WIRE.)
UKIAH, Dec. 13.—Three boys Eureka, aged 13 to 19 years, charged with stealing automobiles, fought with a Sheriff's posse at Ukiah today. One of the boys, Pardon Cave, was killed. Eber Gray surrendered and Henry Neyland was captured at Ukiah after a long chase.

The posse came upon the boys at Ukiah. An automobile they were said to have taken at Ukiah was stalled. When they showed light a deputy Sheriff shot Cave. Gray put up his hands and Neyland took to the hills. Neyland and Cave were on probation after conviction of stealing automobiles at Eureka, the Sheriff's office here said.

WILL INVESTIGATE AIRPLANE SILENCER.
(BY CABLE AND ASSOCIATED PRESS.)
GENEVA, Dec. 13.—American Army aviation experts, headed by Maj. Burwell, are expected to arrive soon in Dubendorf, four miles northeast of Zurich, to attend a test of an airplane silencer, invented by the Swiss engineer, Ringer, says a dispatch from Zurich today.

The Americans will fly from Cologne to Dubendorf, the dispatch adds. It is said Americans may buy the patent for the silencer, if the test proves successful.

PRECIOUS STONES ARE STOLEN FROM CHURCH.
(BY A. P. NIGHT WIRE.)
NEW YORK, Dec. 13.—Pearls and diamonds said to be worth from \$10,000 to \$100,000 were stolen from a golden vessel in the Catholic church of St. Vincent Ferrer here, it was discovered today.

Most of the valuables were piled from the lamp, a vessel of gold used in the church's ceremonies.

SANITY TEST MAY BE ASKED.

German Spy's Counsel Asks an Examination.

Witness Tells of Misappropriation of Army Funds.

Former Captain to be Tried for Desertion.

(BY A. P. NIGHT WIRE.)
NEW YORK, Dec. 13.—Appointment of a military board of sanity to pass on the mental soundness of Capt. John A. Willers, alleged German spy on trial before a general court-martial at Fort Jay, charged with desertion from the United States Army in December, 1918, will probably be requested, his counsel indicated today.

Later when the prosecution asked they were ready to make this move, counsel for the defense announced they were not yet able to state what action would be taken. The trial was continued, subject to call, after half a dozen witnesses had been heard, to permit the prosecution to gather documentary evidence heretofore unavailable.

Sydney P. H. Smith, senior lieutenant of Willers's company, who said he assumed command after Capt. Willers' disappearance, told on the witness stand today of the meeting of the former captain in the street more than a week ago and most of his testimony as to what his former commander confided to him then as to his motives for deserting.

"I was born and bred a German and came here as an agent of the German government in 1914," How-ell declared. Willers said, drawing him to one side after his arrest. "If you could know my story you would understand."

Counsel for the defense objected to the admission of this conversation as evidence, and the court ruled to strike the testimony from the record.

Howell then told of the finances of Co. K. Capt. Willers was custodian of the company fund of \$2500 deposited in a bank at Greenville, S. C. Soon after Capt. Willers' disappearance, the witness said, a request for a bank statement revealed the fact that all had been withdrawn by the defendant. A search of the captain's effects disclosed a score or more of envelopes, which had contained soldiers' pay, but which had been rifled and then hidden in a locker trunk, he said.

He Quit Tobacco
This veteran, R. P. Humphrey, was addicted to the extremely bad habit of tobacco many years. He wanted to quit but needed something to help him.

He learned of a true tobacco habit and how to conquer it quickly, easily and safely. In a letter he writes: "I feel like a new man." Others report similarly. Wonderful results are shown in the case of R. P. Humphrey, who has been a tobacco addict for many years.

Andrews desires a copy of this book and set it free, postpaid, by writing to Edward J. Woods, T.D.-11, Station F, New York City. You will be surprised and pleased. Ask for "The Habit of Tobacco." It is a book that will help you to quit tobacco, and it is a book that will help you to live a better life.

"DADDY GAVE ME A WONDERFUL AMPICO REPRODUCING PIANO"

The Perfect Christmas Gift

WHAT could be so wonderful a gift for Christmas as the marvelous Ampico Reproducing Piano? The instrument that will fill your home with music this Christmas—and through the years to come. The Ampico in the Knabe is in truth "the great giver of music" for it is more than a piano—it is music itself, the playing of such great artists as Godowsky, Levitzki, Mirovitch, Ornstein, the great Rachmaninoff and a hundred other talented artists who have recorded their playing.

Call at our studios at any time that suits your convenience. Bring your friends with you. We will be glad to present an impromptu concert for your pleasure.

PRESIDENT ASKS CHRISTMAS AID.

Calls on Fellow-Countrymen to Save Lives.

Central Europe Children Are Starving, He Says.

Reaching Out for Bread; He Adopts Twenty.

(BY A. P. DAY WIRE.)
WASHINGTON, Dec. 12.—President Wilson today called upon his fellow countrymen to contribute funds to save 3,000,000 children who are facing starvation in Central Europe. The President announced that he would adopt twenty of these children as his temporary wards and said that \$10, contributed through the European Relief Council, would save the life of a child.

"Three and a half million children are facing starvation in Central Europe," said the President's statement. "It is estimated that they can be tided over until the next harvest by money and service equivalent to \$20 per child. The countries involved can furnish two-thirds of this cost in the personnel and machinery for distribution, but for the other one-third they must look abroad and they are looking to us."

LIFE OR DEATH.
"Since 1914 our people have given with unparalleled generosity," and they should not be lightly called upon for additional charities. But there is a life and death situation in Central Europe, where orphaned, destitute, famished children, pitiful consequences of the World War, must die unless aid is sent."

Ten dollars contributed through the European Relief Council will save the life of one child. For concerted effort, there have been combined in this country eight well-known organizations, namely: the American Relief Association, American Red Cross, American Friends Service Committee, Jewish Joint Distribution Committee, Federal Council of Churches of Christ in America, Knights of Columbus, Y.M.C.A. and Y.W.C.A.

CHILDREN'S FEAST.
"At Christmas time, particularly the children's feast, we should think of this and European problem in terms of children rather than in money. Ten dollars will represent a child's life in Central Europe. I shall adopt twenty of these children as my own temporary wards and I can think of no better use to which I could put \$200."

"I suggest to my fellow countrymen that the circles around their Christmas trees will be incomplete unless, mingled with their own ex-ecutant children, they shall visualize some of the waifs of Central Europe, stretching out their thin hands to pluck from the boughs of the tree, not toys, but bread, without which they must perish."

STEPHEN'S APPEAL.
SACRAMENTO, Dec. 12.—An appeal to the people of California to contribute to the fund of the European relief council, for the relief of starving children in Europe, was issued today by Gov. Stephens. "I am sure California will do her full share in raising funds for this great cause," and heartily ask

that our people respond on next Sunday, when funds for the needy children are to be gathered in all churches," he Governor's appeal concluded.

TEXAS PORT COTTON RECEIPTS A RECORD.

GALVESTON EXPORTS TOTAL EXCEEDS SHIPMENTS OF ALL OTHER HARBORS.

(EXCLUSIVE DISPATCH.)
GALVESTON (Tex.), Dec. 12.—At the close of business at this port on December 10, the total receipts of cotton for the 1920 season exceeded the combined receipts of all other ports of the country, according to the statistics of the local cotton exchange. Total receipts at Galveston for the present season are 1,411,121 bales, while the combined total of receipts of all other ports is 1,409,591 bales. The total receipts at all ports for the present season are shown as 2,820,712.

New Orleans is shown as running second to Galveston, with 577,745 bales, and Savannah third, with 319,546. Houston has attained a place in the first rank, with 219,842 bales. Last year Savannah ranked second place and New Orleans third, but New Orleans has increased her receipts over last year, while Savannah shows a decrease. Galveston shows an increase over the same period last season of nearly 500,000 bales.

This is attributed to the fact that the weather for picking the crop has been good this fall, whereas last year it was bad up until the first of the year, and the November crop was considerably delayed.

PLANS FAST FLIGHT ACROSS ATLANTIC.

ITALIAN INVENTOR TO ATTEMPT THIRTY-SIX HOUR TRIP IN GIANT PLANE.

(BY CABLE AND ASSOCIATED PRESS.)
ROME, Dec. 12.—King Victor Emmanuel was keenly interested today when he was told by Gianni Caproni, the airplane inventor, of a projected giant plane which would carry 500 persons across the Atlantic in about thirty-six hours.

Plans for the machine are now being completed and provisions are being made for dining and sleeping accommodations. A smaller airplane designed by signor Caproni will make its first trial trip in January, near Lake Maggiore. This airplane will be capable of carrying 100 persons 500 miles, it is said. Work on the trans-Atlantic plane will be started as soon as this smaller liner has been tested.

SENT TO SAN QUENTIN.

Revoke Probation of Bogus Agent of Christmas Stamps.

HARRY ROVER, who attempted to save failed yesterday when Judge Craig revoked his probation and sentenced him to San Quentin for from one to ten years. He was previously convicted of passing fictitious checks and yesterday was accused of obtaining \$200 worth of tuberculosis stamps, selling \$100 worth and not accounting for the money. He is said to have represented himself to be the head of the local association in a campaign at the present time.

CITY OFFICERS
HELD BY JURY.Federal Indictments Returned
Against Seventy-nine.Steel City Scandal Caused by
May Primaries.Jail and Penitentiary Terms
May be Result.

(SPECIAL DISPATCH)
PITTSBURGH, Dec. 13.—This city, which has always been the center of political scheming that sometimes amounts to positive larceny, is again in the throes of a scandal that threatens to equal that of the days of Mayor William A. Magee, when nearly one hundred City Councilmen were sent to the County Jail or penitentiary on charges of grafting. This time is about the lines of a crime just as bad as grafting—that of jeopardizing the sanctity of the ballot.

The county courts, which are so much mixed up with local politics, had nothing to do with the upheaval this week, when indictments were returned against City Councilmen receiving \$500 a year, a police magistrate and a county delinquent tax collector for violation of the election laws. It was the United States grand jury that took the matter in hand several weeks ago. So far they have indicted seventy-nine prominent politicians of this city, and the end is not yet.

COUNCILMAN INDICTED.
City Councilman Charles Anderson, who defeated Peter J. McCardin for Council last November, Police Magistrate P. J. Sullivan, well known in sporting circles as the owner and backer of a strong semiprofessional baseball team bearing his name, and County Delinquent Tax Collector Edward M. Kenna, were in the list handed down by the Federal jury as a result of its investigation of alleged election frauds in what is called the "Strip" section of the city, a notorious hotbed of factional politics.

In the batch of indictments handed down, boards of commissioners, the bodies which register voters to qualify them, were indicted in three districts, the First Ward, and the Second District of the Second Ward. They are accused of fraudulently entering upon the registry list fictitious names of voters returned from the districts.

The indictments enumerate various alleged frauds committed in the primaries on May 18 last, when Representative John M. Moran defeated Magistrate Sullivan for the Republican nomination for Congress in the Thirty-first district. It is likely that the accused men will be out on trial in a few weeks as both sides profess to be anxious to have the matter thrashed out at an early date.

POLICEMAN ACCUSED.
Several city policemen and other office holders are included in the indictments which take in the election boards of several districts of the First, Second, Third and Sixth wards of the city. Several of the men are charged with more than one offense. The specific charge against Councilman Anderson, a resident of the First Ward, is that on May 18, "twelfth a threatening crowd present at the polling place of the First District of the First Ward, in which he was not a resident, Anderson entered and gave instructions to the judge of elections."

Members of the three registration boards indicted are all similarly charged with "fraudulently entering on the register the names of large numbers of persons who did not reside in the district and did not possess qualifications of electors entitled to vote, and thus adding to the number of lawfully qualified voters registered a large number of fraudulent names purported to be registered voters, causing fraudulent ballots to be counted in the primary election, May 18."

Two negro policemen are indicted for intimidating negro voters all day during the primary election, a great mass of evidence being presented against them. It is well known that they were acting on orders from "higher ups."

The attorneys for the government expect these officers to turn State's evidence to save themselves from going to the penitentiary.

**FAVORS EMBARGO ON
WHEAT, WOOL, HOGS.**

**NORTH DAKOTA CONGRESSMAN
ASKS BAN ON IMPORTS
FOR ONE YEAR.**

(BY A. P. NIGHT WIRE).
WASHINGTON, Dec. 13.—An embargo for one year against the importation of wheat, wheat flour, barley, rye, oats, flax, wool, hogs, cattle and sheep, is proposed in a bill introduced today by Representative Young, Republican of North Dakota. He also introduced a bill establishing a permanent schedule of import duties upon these items after the one year embargo.

Mr. Young proposed the following duties: Wheat, 50 cents per bushel; rye, 30 cents; corn, 30 cents; barley, 20 cents; flax, 50 cents ad valorem, but not less than 50 cents per bushel; sheep, \$2.50 per head; hogs, \$5 per head.

Ex-Raiser's Health Better.
(BY CABLE AND ASSOCIATED PRESS).
DOORN (Holland) Dec. 13.—Former Empress Augusta Victoria of Germany continues to improve in health, but her condition still is critical. The former Princess Elise Friedrich and August Wilhelm have returned to Germany.

Rail Rates Again Held Up.
(BY A. P. DAY WIRE).
WASHINGTON, Dec. 13.—At the request of the Shipping Board the Interstate Commerce Commission today again suspended until further orders the section of the Merchant Marine Act authorizing preferential rail rates on goods consigned for foreign shipment.

ORIENTAL RUGS

An Ideal Christmas Gift
I have positive instructions to
dispose of every rug in this mag-
nificent collection.

This comprehensive collection is
a grand exhibit of the finest
rugs and most exquisite spec-
imens of the oriental art of rug
making. They are brought together by a
collector during his travels in or-
iental lands. A few of the most
valuable pieces of oriental art
are: a magnificent Persian
Kashan, size 12x18. No de-
scription will give any adequate
idea of the charm of this rare
gem of beauty. A rug, size
12x18, 12x18, 12x18, 12x18, 12x18.
A number of other room-size
rugs. Also Persian, Kurdish
and Chinese runners, medium
and small size rugs of various
patterns. Persian, Indian, Kur-
dish, Chinese, etc., etc.
Price values are from \$50 to
\$2000. Come make your own
choice. Come to see them; you'll
be enchanted at their beauty.

Antiques and Miscellany

A splendid collection of notable
antiques, to wit: A pretty French
bureau, a small clock, a mon-
sterpiece of art by a Latin artist, is a
figure of a female in allegory and
holds two light bulbs. Beautiful
Italian marble bust of a woman
by the artist, C. Cipriani. Egyptian
antique and vase of silver. A
collector and dealer. A rug for a
collector or one who wants real
elegance. Persian Lamps. A
curiously large lacquerware set
with tea and coffee. A fine
Czech, English, and American
wood and steel case, modern and
good as new. A first-class flower
vase. A fine glass vase. A fine
vase with golden frames. Fire
Lamp. Domestic Rug. Curious
Decorative Bedding. etc., etc.

S. HART

Antiques and Miscellany

FOR ATTENTION!

Today
and renovated, baths, electric
one. Close to Industrial Dis-
trict in a year or so.

It contains one of the most remark-
able at your own price—a substantial
from the hub of the city? A house
the most two or three years and return
to their hands.

It is an opportunity you will regret if
you don't see it soon. See it at our
office in Los Angeles' great big indus-
trial district.

PALESTINE HAS FINE RESOURCES

Like Southern California, Says Engineer Cory.

Compares Country to Region Around Los Angeles.

Better Rainfall Renders Dry Farming Easier.

NEW YORK, Dec. 13.—The natural resources of Palestine are greater than those of Southern California and are able to support decently about 4,000,000 people, Harry Thomas Cory, former director, general of foreign relief for the American Red Cross, declared in a report to the Zionist Organization of America, made public here today.

Mr. Cory, a California engineer, went to Palestine recently at the invitation of Justice Brandeis, honorary president of the International and American Zionist Organization. He had just investigated the Nile River irrigation projects in Egypt.

Mr. Cory said his findings after a short survey of the Holy Land were in complete accord with those of Sir William Willcox, head of the Nile projects commission of the Egyptian government, and Prof. R. H. Forbes of the University of Nebraska and an American student of desert irrigation.

LIKE LOS ANGELES.

"The western slope of Palestine is naturally better than the Southern California region in and about Los Angeles, which has made possible that city's enormously rapid advancement," Mr. Cory said. "The configuration is strikingly similar, and I was therefore not surprised to learn that it was planned to irrigate 150,000 acres of this coastal land in relatively small units, largely by pumps."

"The soil of Western Palestine is better in all essential particulars,

more fertile and more favorable for intensive development. In the lower regions there is no danger from frost. Nowhere in Southern California is there a frost-proof area.

DRY FARMING EASIER.

"The greater quantity and better distribution of the rainfall renders dry farming easier and safer in the Palestine regions. The valley of the Jordan is an entirely different matter as to climatic conditions, and many other factors. However, Sir William, Prof. Forbes and I are in complete agreement as to the feasibility of irrigating at least 500,000 acres there. Sir William and I are entirely satisfied as to the ability to economically develop 50,000 horsepower in hydroelectric plants.

HUMAN ELEMENT FACTOR.

"The future of Palestine is entirely dependent upon the human element. It is to be greatly surprised and impressed by the fact that probably the Zionists will be able to secure very quickly ownership of over half the land in that country. Further, the land which can be secured is apparently typical of the region as a whole.

OREGON FARM LANDS SOON MAY BE OPENED.

WASHINGTON, Dec. 13.—The Federal Power Commission today approved the opening for location, entry and settlement of Federal power reserve lands along the Sequim River, in Oregon. The decision of the commission was forwarded to Secretary of the Interior.

Secretary Merrill said the lands along the river were ideal for farming and under the power act, the commission had decided to open them to settlement.

AUSTRIAN OFFICER PRAISES AMERICANS.

REVEALS HOW SIBERIAN REGIMENT SAVED LIVES OF 1800 PRISONERS.

WASHINGTON, Dec. 13.—Credit for saving the lives of 1800 Austro-Hungarian prisoners of war in a prison camp near Chabarovsk, in Eastern Siberia, during the fall of 1915, is given to officials of the Twenty-seventh United States Infantry, by Lieut.-Col. Ferdinand Rieder of the former Austro-Hungarian army, in an open letter.

Col. Rieder's letter, forwarded to the State Department, says an "infinite number of influences had threatened to convert the camp into a 'vast cemetery' when the regiment took charge and transformed the 'wretched hospital accommodations, provided by the Russian authorities, into a model establishment.'"

Col. Rieder declared he felt it his first and most sacred duty to let the world know that he and his comrades owed their lives, health and happiness and power for good in the world to the noble American officers of the Twenty-seventh regiment of the great American nation.

IRIGATION WORK PROGRESSING.

HERMOSILLO (Mex.), Dec. 12.—The State of Sonora, according to Gov. Pablo Burgos, has made considerable preliminary progress toward the construction of a great hydroelectric and irrigation project on the Sonora River at a point about seventy-five miles from Hermosillo and ten miles from Ures. When finished the storage reservoir will provide water for irrigating 750,000 acres of land. While no authoritative estimates have as yet been made of the amount of electric power to be generated, it will be not less than 100,000 horse power, it is stated.

"Assigned Car" Order Upheld.

WASHINGTON, Dec. 13.—The "assigned car" order of the Interstate Commerce Commission was upheld today by the Supreme Court in refusing to review the appeal brought by the Lambert Run Coal Company.

AUCTION SALES

To be conducted by Members of Los Angeles Auctioneers' Association. The Times is the Official and Exclusive Newspaper Advertising Medium for the Association.

Today, 11 a.m. Sharp Absolute Auction!

A CHRISTMAS GIFT the Whole Family will Enjoy

Fill your house with music this Christmas—such music as you had never dreamed possible in your home. Make your gift an Ampico, that wonderful musical instrument that brings with it the playing of such master pianists as Godowsky, Levitzki, Moiseiwitsch, Ornstein, the great Rachmaninoff, and a hundred other talented artists.

On Christmas day you may hear the lovely Christmas Carols played with exquisite interpretation and tone coloring.

A joy on Christmas day and throughout the years to come

The AMPICO in the "Chickering"

will be a permanent and increasing source of pleasure and musical inspiration.

All types of pianos and player pianos taken in exchange for the Ampico.

Activity in the Book Section

Some of the best books are in limited supply. It is wise to place orders before the assortment becomes diminished.

Probably as lovely a set of books as ever expressed delight in craftsmanship for its own sake is the set of

JOHN RUSKIN—his complete works in 39 volumes. This was published by George Allen London in 1905. It is limited to 2000 sets printed from type by the Ballantyne Press and bound in full crushed morocco. The set is priced at a low figure considering its great beauty—**\$500**

A CYCLE OF ADAMS LETTERS. The Civil War correspondence of Charles Francis Adams, American Minister to England, and his sons, Henry Adams and Charles Francis, Jr., gives a first-hand account of the period unequalled in extent and concentrated interest. Illustrated. **\$10.00**

THE OUTLINE OF HISTORY. By H. G. Wells. This is the extraordinary Universal History which is one of the sensations abroad—fascinating as a romance, yet soundly scientific and accurate. **\$10.50**

FIRST FLOOR

LATE FICTION

THE AGE OF INNOCENCE. By Edith Wharton. A story of New York society in its Age of Innocence, the Eighteen Seventies, when it drove up Fifth Avenue in victorias. At **\$2.00**

IN CHANCERY. By John Galsworthy. A story woven about the same family that held the stage in "The Man of Property"—the Forsytes who inherited so strongly the instinct to acquire the almighty dollar, or its equivalent, the English pound. **\$2.00**

THE ROMANTIC. By May Sinclair. A novel full of dramatic situations, with the intensity of all Miss Sinclair's vivid climaxes. At **\$2.00**

FIRST FLOOR

THE NIGHT HORSEMAN. By Max Brand, author of "The Untamed." A tale of wild-riding herdsmen and outlaws and their deeds of daring. At **\$1.90**

THE PRODIGAL VILLAGE. By Irving Bacheller, author of "A Man For the Ages." A study of the trend of present-day affairs told in Mr. Bacheller's inimitable way. At **\$1.50**

AN OLD CHESTER SECRET. By Margaret Deland. The author has never done anything more appealing or poignant than this story of a son who sat in judgment on his parents and found their action unforgivable. At **\$1.50**

GAS EXPLODES; TWO MEN DIE.

Accident on Steamer Victoria at Seattle.

Victims Torn to Pieces; Three Others Injured.

Coal Gases Ignited by Match in Vessel's Hold.

(BY A. R. NORT WIRE.)
SEATTLE (Wash.) Dec. 13.—Explosion of coal gases in the bunkers of the steamer Victoria of the Alaska Steamship Company here late today killed two men and seriously injured three others.

The dead: **BERTRAND E. PRINCE**, 48, head stevedore, Seattle. **WILLIAM LAWRENCE**, 46, station man on the Victoria, owner of a ranch at Hood River, Or.

The injured: **Albert Hansen**, 47, chief officer of the Victoria, Seattle. **George Matheson**, 50, foreman of carpenters, Seattle. **E. W. Raymond**, 44, chief port engineer, Seattle.

The dead men were literally torn to pieces and the injured men were badly burned in the sheet of flame accompanying the explosion, which, according to witnesses, shot 100 feet into the air.

Chief Officer Hansen and Prince were in the hold of the vessel, which was tied at pier No. 2, inspecting cargo space. Hansen said "Prince found his electric flashlight inadequate and struck a match, which he said was the last thing he remembered."

BLOWN THROUGH PORTHOLE. Hansen was blown through a porthole into the pier slip. Prince was thrown high into the air and fell back into the hold of the vessel, while Lawrence, the other dead man, was blown into the water alongside the ship.

City firemen, who searched the hold of the vessel for other victims, declared it evident that the explosion was caused by the ignition of coal gases, which had accumulated in the hold, from Prince's match.

DAMAGE IS SLIGHT. The damage to the Victoria was negligible, according to those who inspected the vessel shortly after the explosion. The fact that the hatch was open probably saved the vessel from destruction, they said.

The Victoria arrived here last night from Comox, B. C., with more than 1000 tons of coal in her bunkers. She was scheduled to sail Friday for Southeastern Alaska points. She is an iron vessel of 3500 tons, built by Harlan & Wolff at Liverpool in 1870. She was for many years in the Cunard service between Toronto and London and was purchased in 1902 by the North Pacific Steamship Company for service to the Orient.

AERO MEET RECEIVES OFFICIAL SANCTION.

MEANS ANY RECORDS HUNG UP AT BEACH TOURNEY THIS MONTH WILL STAND.

The national winter air tournament, to be held at Long Beach the 25th, 26th and 27th inst., will be conducted under the official rules of the Aero Club of America, it was announced yesterday upon receipt of a sanction from the national organization by the Aero Club of Southern California.

The sanction was applied for several days ago, when a list of cash prizes and tournament officials, as required by the A.C.A., was wired to New York. The confirmation received yesterday was signed by Chas. S. Bragg, chairman of the contest committee, and widely known as a millionaire racing driver and flyer.

All contests to be held during the meet received official approval. As a result, any records that may be established during the meet will be recognized throughout the world, as the Aero Club of America is the accredited representative in this country of the Federation Internationale Aeronautique.

K. M. Turner, president of the local club and one of the charter members of the national body, was appointed as the latter's observer and representative during the races.

TREE FOR SETTLEMENT.

Brownson House Inmates will Enjoy Christmas Program.

Christmas at the Brownson House Settlement will be celebrated this year on Monday, the 27th inst., with a program being arranged for the occasion under the direction of Miss Juanita Labory, district visitor for the Bureau of Catholic Charities, and a corps of volunteers.

A huge Christmas tree will be a center of attraction and will be loaded with gifts of candy, fruits, toys and more practical things contributed by Los Angeles citizens. An entertainment program will be presented, starting at 2 o'clock, including Christmas carols and other features.

FOR LINCOLN UNIT OF TRAINING CORPS.

Mrs. Leane Sloan-Orcutt is to give a dancing party on Monday evening, December 27, in the Ebell clubhouse in honor of the Lincoln unit of the Reserve Officers' Training Corps. Christmas decorations will be used on the stage and throughout the clubhouse. Receiving with Mrs. Sloan-Orcutt will be Mrs. E. W. Clark, Misses Ethel Percy Andrus, Marjorie Nichols, Kathryn Parabelle Lathrop, Mr. and Mrs. Ralph D. Wadsworth, Cadet Major W. Starr, Maj. William M. Wells, Lieut. Thomas H. Davis, Frank L. Malette, Eugene U. Blalock and Claude E. Nihart.

VENICE OFFICER ARRAIGNED.

Bert Gorman, speed officer of Venice recently indicted by the grand jury on a charge of perjury, appeared before Judge Craig yesterday and was arraigned. He had previously provided bail. He stated his true name is Gorman, not Wayne, as it appears in the indictment against him. He will appear Thursday to plead.

Information

—derived from a study of basic conditions in business points to the existence of an interesting economic situation of which the following features are dominant: Easier money is forecasted and living costs are coming down; the bond market has touched one of the lowest levels in history and the general level of high class investment stocks also appears to be at or near the bottom. These factors present a situation not often repeated in a lifetime. This greatly condensed statement of an unusual condition is deduced from facts which ordinarily do not come to the attention of the general public. It is presented, therefore, in the sense of the act being a public service, and in the knowledge that sound investments are economically important and necessary to individual and national progress. How great the trend either downward or upward, in the above cases, will be, as well as the selection of particular investments, are questions for individual judgment. Those are the responsibilities that necessarily accompany such opportunities.

COPPER MINES TO CUT WAGES.

Arizona Operators Decide on
Further Retrenchment.

Poor Cotton Market Forces
Closing of Glendale Bank.

Fight on for G.O.P. Leader-
ship in Senate of State.

(EXCLUSIVE DISPATCH)
PHOENIX, Dec. 13.—The long-expected reduction in mine wages was announced immediately after a meeting in Phoenix of the Arizona chapter of the American Congress, a gathering that brought together all the managers of the larger Arizona mines. The cut is to be an even dollar a day for all mine employees, effective January 1.

From Globe, where the announcement first was made, has come a threat of resistance on the part of employees, but it is appreciated that closing down the mines and works would not hurt the corporations in the least. The same cut is to be made at Jerome and Bisbee. Smelter hands are on a somewhat different wage scale. At Douglas the Copper Queen and Calumet & Arizona companies have announced that on January 1 all employees who receive \$5.55 a day will be cut \$1 a day and all who receive less will be cut \$0.50.

CUTS IMMINENT.

Cut also are understood to be imminent in the low-grade camps of Ray, Clifton and Ajo, but will hardly be as deep, as those camps mainly are operated with Mexican labor, which has not received the peak remuneration known to the smelting copper camps.

For the past year the Arizona copper mines have been operated on a policy of retrenchment, manifested by dropping hands, till now the average property has only from 40 to 45 per cent of its force two years ago. There has been no reduction of wages, though the miners have been receiving pay on the basis of 40-cent copper, though the product now is hardly salable at 15 cents.

The Glendale State Bank at Glendale, nine miles from Phoenix, has closed its doors, the action being due, it is understood, to the holding of

too much overdue paper, secured by unsold cotton.

It is declared that the bank is entirely solvent and that the closing in no sense is a failure. It simply is a case where too much money has been needed for picking and ginning by solvent patrons who have been holding cotton on which there could be no realization. Most of the loans are understood to be backed by property equities.

There is denial that A. A. Johns and C. P. Hicks are behind the movement to disqualify Morgan and Burton, the Republican Senator-elect from Yavapai county, and Johns, who was president of the last Senate, has been quoted as stating he would not accept an office that had to be gained in such manner. On the Republican side there is confidence that the move will lead to nothing, as the Senate is made up of its own membership and, in the event of success of the move, Morgan and Burton would be re-elected at once by an even larger vote. The Yavapai vote stood, Burton 2196, Hicks 2549, Morgan 2766, Johns 2435.

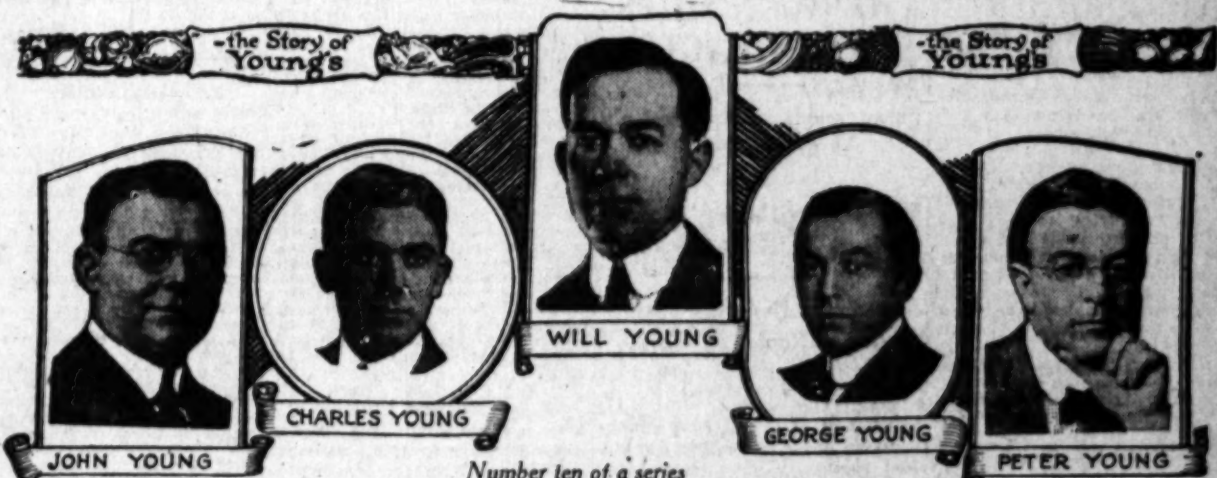

REVERSED CIRCUMSTANCES.

It is understood that the Senate Republicans, with their party majority of one vote, will give the Democratic minority exactly the same share of patronage received by the five Republicans in last session's Senate. It was exactly one appointment. However, feeling that the Governor in his message will urge the strictest economy, it is probable the Senatorial majority will get along with very much less clerical assistance than was known two years ago. It also is suggested that the session, which begins January 19, be started off with greater expedition than heretofore known since Statehood, that the essential legislation be disposed of within the first thirty days of the session. There even is suggestion that the Legislature might adjourn within forty days. Usually there has been full utilization of the sixty-day limitation and extra sessions have been known by almost every Legislature since Statehood.

POWDER PLANT BLAST KILLS FIVE WORKMEN.

(BY A. P. NIGHT WIRE)
DOVER (N. J.) Dec. 13.—Five men were killed and seven injured today in an explosion at the Atlas powder Company's plant near Landing, on the west end of Lake Hopatcong.

The explosion occurred in a building used for gelatine mixing, or the processes of dynamite manu-

"pigs is pigs"
at Young's

WE repeat it—Young's meats are the finest that can be bought! And the reasons why you get prime porkers at Young's are exactly the same reasons why you get the very best beef here—because Will Young himself selects all the meats sold at Young's nineteen markets. You know you can trust him to choose only the finest!

Yes, surely "pigs is pigs" at Young's! In fresh pork, always the juiciest, most tender roasts and chops from the firmest, healthiest porkers, converted into food when they are in prime condition. In hams and bacon you will find at Young's your favorite of all the famous brands.

And oh, Willowbrook Sausage for breakfast these crisp mornings! If you've ever eaten Willowbrook, the very mention of the name makes you hungry for it. We are proud of that Willowbrook Sausage. It's made right in our own market from 100% pure pork, seasoned deliciously to the King's taste—and Yours.

A TOP NOTCHER SURE

The first three samples of the Elgin Co.'s new 1921 Lord Elgin 12 size model to arrive in Los Angeles are to be seen in Montgomery Bros.' watch window this morning. The movement has 21 jewels—has eight adjustments, is fitted in a special hand engraved yellow 14-karat gold case—extra heavy—the dial is of gold and silver—a work of art—one of the most beautiful watches you ever saw. The price is \$225 in solid 14-karat yellow gold case—\$300 in 14-karat green gold and platinum. You should see this new watch if you are interested. As a new artistic model very suitable for special presentation purposes—it is a wonder. Look at them today—as you pass our watch window. We believe these three models will be the only ones to be had this Christmas in Los Angeles.

Of course you expect the newest ideas in American made watches first to be shown in our store.

OUCH! ANOTHER
RHEUMATIC TWINGE

Get busy and relieve those pains with that handy bottle of Sloan's Liniment.

WHAT Sloan's does, it does thoroughly—penetrates without rubbing to the afflicted part and promptly relieves most kinds of external pains and aches. You'll find it handy for sciatica, lumbago, neuralgia, over-exerted muscles, stiff joints, backache, pains, bruises, strains, sprains, bad weather after-effects.

For 39 years Sloan's Liniment has helped thousands the world over. You aren't likely to be an exception. It certainly does produce results.

All drug stores—35c, 70c, \$1.40.

Sloan's Liniment (Pain-Reliever)

RHEUMATISM
CANNOT EXIST

In the human body if you will use Trunk's Prescription for Rheumatism and gout, it is ridiculous, absurd and preposterous; in fact, it is a pity and a shame to talk about Rheumatism and Gout, much less suffer with it, either inflammatory, muscular, sciatic or any other form of Rheumatism.

Trunk's Complete Prescription for Rheumatism and Gout sells for \$1.75, consisting of one bottle Internal Liquid Prescription (\$1.25) and one bottle Trunk's Adjuvant Liniment (.50c), either of which you may buy separately.

This prescription does not ruin the stomach. It does not depress the heart. Eat all the meat and good food you wish while taking Trunk's Prescription. It does not contain any Mercury, Salicylates of any kind, but it absolutely and positively overcomes any kind of Rheumatism or Gout on earth. What more do you want? There is nothing just as good. It's impossible to get something better. Also excellent Liver Medicine.

For sale at the Sun Drug Co., Los Angeles, and all well-stocked drug stores.—Advertisement.

AMERICAN SHIPS
BECOME FACTOR

Carry Nearly Half of Nation's Commerce.

Year's Total Exports and Imports \$13,349,661,000.

Secretary Alexander Issues Annual Report on Work.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 13.—Nearly one-half of the nation's record-breaking overseas commerce in the past fiscal year was carried in American ships, Secretary Alexander shows in his annual report made public today. The overseas trade reached the unprecedented total of \$13,349,661,000 and \$5,071,905,000 of it was carried in American-owned vessels against \$268,559,000 carried in American bottoms the year before the war.

The total volume of imports and exports by land and sea was \$13,349,661,000, nearly \$3,000,000,000 above the previous record established in the fiscal year ended June 30, 1919. Imports for the last year amounted to \$5,258,521,000, as compared with \$2,095,720,000 for the previous year and almost \$2,000,000,000 for the fiscal year of 1918. The value of exports for the last fiscal year aggregated \$7,959,429,000, an increase of approximately \$900,000,000 over the previous year and \$2,000,000,000 over 1918.

INCREASE 570 VESSELS.

Secretary Alexander also shows that during the last fiscal year the American merchant fleet was increased by 570 vessels of 2,416,000 gross tons and that on last June 30 American shipping comprised 25,183 vessels of 16,324,024 gross tons. "This compared with 7,925,583 in 1914.

"Growth of American shipping has been wholly in the foreign trade," the Secretary said, "much

more than half of that growth having taken place since the armistice of Nov. 11, 1918, and the increase of the past fiscal year being double that of any year before the armistice. This increase in tonnage would mean little unless it stood also for an increase in trade."

Quoting from the bureau's statistics showing an increase of about 15,000,000 net tons cleared by American ships in 1920 as against 1914 the Secretary continued: "In a word, while our gross tonnage registered for foreign trade is tenfold what it was in 1914, it has supplied in actual employment in overseas trade fourteen times the American cargo and passenger space available in 1914, though in the shorter voyages to foreign ports in North America, requiring fewer and usually smaller ships, the increase—and the demand—has not been so great."

CHARGE OFF COSTS.

In connection with the growth of American shipping and foreign trade, Secretary Alexander discussed the advisability of charging off "to the winning of the war" sufficient of the war cost of the government-owned ships to enable them to compete with foreign shipping on the basis of actual value of the properties. He advocated this course in the belief that only through such action could the ships, built under wartime stress and at wartime cost, continue to meet the overhead expenses of maintenance and operation.

"We must be candid with ourselves," he continued. "The value of the ships owned by the government must be reduced to their actual value for competitive purposes at the present time and the difference between that value and the first cost should be charged to the winning of the war. The interest on this difference, the corresponding contribution to the sinking fund and the corresponding allowances for depreciation will be treated thus as war losses, and this surely is preferable to a continued failure to make annual payments on the amount of the merchant marine to interest, sinking fund and depreciation."

In his discussion of the work of the Coast and Geodetic Survey, Secretary Alexander devoted much space to Alaska, declaring that there had never been a well-defined and concentrated effort on a big business scale to develop the territory as it should be done. He pointed out that Alaska with its more than 50,000 miles of detailed coast line, could not be approached

without plying the waters that nearly surround it.

MANY SHIPS WRECKED.

The Secretary said that hundreds of vessels had been wrecked on the Alaskan coast, many of them because of the lack of proper sailing charts, and knowledge of currents and he urged that the present conditions as regards to survey work be remedied by means of complete survey carried on in a systematic manner with all possible rapidity. "The millions of dollars that are being expended to build the government-owned railroad through the interior of Alaska," said Mr. Alexander, "the large amount of private capital that has been and will be spent to develop her mines, to build up her fishing industry, the certain early opening of the vast coal fields, the utilizing of the great timber resources, etc., all this would be wasted and her vast resources would be worthless if vessels could not reach and enter her ports or visit the railroad terminals, canals and nearest ports as outlets to the many mines."

Failure of State Boards to Permit Advance Costly.

Both Sides at Interstate Commerce Hearing.

Lines in Utah Claim to Have Lost \$2,000,000.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 13.—Failure of State railway commissioners in Utah and Illinois to advance passenger and freight rates in interstate commerce to the level recently authorized carriers in interstate commerce, already has cost the railroads of Utah \$2,000,000 and those of Illinois \$4,000,000, the Interstate Commerce Commission was told today by the carriers of the two States.

Representatives of the State commissions and of the roads in both States argued before the commission today at its opening hearing in investigation of the conflicting rate situation which exists in several States. The cases of Florida and Nebraska are scheduled for hearing tomorrow and will be followed by those of Indiana, Ohio and Michigan.

WOULD BRING BANKRUPTCY.

Representatives of business and civic interests in Utah told the commission that the new passenger rate of 2.5 cents per mile, if enforced in interstate commerce, would tend to harm the general public. They added that if freight rates were increased to the interstate maximum many mines would be confronted with bankruptcy.

Judge R. V. Felton, counsel for the railroads in the Illinois case, said that the Illinois State Commission had granted a freight increase of only 1-3 per cent in response to the recent order of the commission, whereas rates granted carriers from the South represented an increase of 25 per cent, from the West an increase of 35 per cent and from the East, 40 per cent.

This meant, he said, that three

Lines in Utah Claim to Have Lost \$2,000,000.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 13.—Failure of State railway commissioners in Utah and Illinois to advance passenger and freight rates in interstate commerce to the level recently authorized carriers in interstate commerce, already has cost the railroads of Utah \$2,000,000 and those of Illinois \$4,000,000, the Interstate Commerce Commission was told today by the carriers of the two States.

Representatives of the State commissions and of the roads in both States argued before the commission today at its opening hearing in investigation of the conflicting rate situation which exists in several States. The cases of Florida and Nebraska are scheduled for hearing tomorrow and will be followed by those of Indiana, Ohio and Michigan.

WOULD BRING BANKRUPTCY.

Representatives of business and civic interests in Utah told the commission that the new passenger rate of 2.5 cents per mile, if enforced in interstate commerce, would tend to harm the general public. They added that if freight rates were increased to the interstate maximum many mines would be confronted with bankruptcy.

Judge R. V. Felton, counsel for the railroads in the Illinois case, said that the Illinois State Commission had granted a freight increase of only 1-3 per cent in response to the recent order of the commission, whereas rates granted carriers from the South represented an increase of 25 per cent, from the West an increase of 35 per cent and from the East, 40 per cent.

This meant, he said, that three

different freight rates existed in Illinois, as carriers from all points converged there. The loss to the carriers under the one-third increase within the State limits, he said, had already amounted to \$4,000,000 and if the rates were raised to a 25 per cent increase, the loss would amount to \$2,000,000 to date.

M. T. Culver, counsel for the Illinois commission, said the State had endeavored to avoid such discriminations as counsel for the carriers had attempted to show existed. He added that the commission believed the existing freight changes in Illinois to be justified.

H. M. Slater, rate expert for the Illinois commission, charged that figures submitted by counsel for the Illinois roads were inaccurate. He attacked the carriers for not telling the "whole case."

DISMISS INDICTMENT

AGAINST BANK HEAD.

INSUFFICIENT EVIDENCE PROVES FORMER NEWMAN ESTABLISHMENT PRESIDENT.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Dec. 13.—Upon motion of Deputy United States District Attorney W. C. Cullen, Federal District Judge Bledsoe today dismissed the indictment against Jasper N. Stuhrt, former president of the National Bank of Newmarket, Cal., who had been held partly responsible for the alleged embezzlement from the bank, discovered in 1918, totalling approximately \$100,000. Charges were made against William J. Burr, president; Stuhrt, former president, and Frank F. Gomer, Jr., by the Federal grand jury. Burr pleaded guilty to two indictments, and is at liberty under \$20,000 bonds. Burr will be sentenced in April, and Stuhrt, whose case was dismissed today, pleaded not guilty.

MEREDITH URGES

FEDERAL ROAD AID.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 13.—Prohibition to continue Federal aid in highway construction as a means of meeting the increasing unemployment problem was recommended today by Secretary Meredith of the Department of Agriculture, speaking at the annual gathering of the Association of State Highway Officials.

Present provisions for such aid expire next June, the Secretary said, and he urged that Congress provide a "new five-year program with appropriations of \$100,000,000 a year to carry forward the work."

ASKS FOR FUND TO

PROTECT DEPOSITORS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 13.—Creation of a fund in each Federal reserve district for the protection of depositors of defunct national banks and trust companies is proposed in a bill introduced today by Representative McClintock, Democrat of Oklahoma.

The measure provides that 10 per cent of the annual net earnings of each Federal reserve bank shall be deposited in the bank to the credit of the proposed fund.

STOCKTON FACTORY CLOSER.

(BY A. P. NIGHT WIRE.)

STOCKTON, Dec. 13.—Owing to present market conditions, the Stockton glass works announced it will close down during the present week for a period of sixty or ninety days. Closing of the factory will affect about 200 workmen, whose weekly wages amount to between \$10 and \$15.

ST. JOHN (N. B.) Dec. 13.—The Cornwall and Work cotton mills announced today that they would start operating this week on a four-day week, instead of a five-and-a-half, because of decreased demand for their products.

FRENCH WAR HERO COMING. RANCHMAN KILLS KEY REVEALS BURGLING LION.

Mayor Names Entertainment Committee.

Treed by Escaped Film Leo, Police Think Rich Cache of Farmer Takes Revenge.

Beast Tries Window-Breaking Act at Suburban Homes.

Offends Startled Lady, Then Diamonds, Pearls, Watches in Safety-Deposit Box.

This is the tale of a rarin' lion who stopped a bullet without half trying. He leaped into a farmhouse with a roar that was all the more

The scene was laid in the quiet hills east of Lincoln Park. Let the principal player, the lion, be here-

inafter known as Llewellyn, for his real name is unavailable and no head-

stone marks the simple mound be-neath the trees where this giant now

lies. The name of the other player in this part of Llewellyn's life is S. B. Freeman, a rancher, living at 1610 Lambie street.

Llewellyn, veteran of many a lens battle, sauntered forth on a movie scene at the Selig Zoo, just as any

don should. He started out to por-tray the role assigned him, when suddenly the fever of the jungle, the wanderlust, overtook him. And then he started on the act that not only

altered, but stopped it.

Llewellyn leaped out of the scene and started over the hills, far, far away. And here entered the hero, Mr. Freeman.

ACTION SANS CAMERA.

Mr. Freeman owns a number of miles which are pastured in a field between Lincoln Park and the Pacific Electric tracks. He was out

running an approving eye over the stock, when the lion leaped into view. Llewellyn saw Mr. Freeman, but Mr. Freeman saw Llewellyn first and when the lion got to the place where the rancher had stood, Llewellyn had been there and gone.

At the same moment that the rancher glimpsed the lion, he saw a very high electric transmission pole several hundred feet away.

During the two seconds it took him to reach this pole, he also saw a foot-flops just twelve feet from the pole and Llewellyn was on his way.

At a safe distance, Llewellyn continued his journey and left Mr. Freeman up the pole. He leaped alone, as lions will, to the home and beside of F. H. Teeple, manager of the Los Angeles Club, at 4101 Alhambra boulevard.

BURGLARY HIT.

Now the principal part Llewellyn had been playing during his his-trionic career had been that of a wild, wild animal who broke

into the houses through windows and doors. So when he reached the Teeple place, he immediately found a regulation window, and breaking

the glass, climbed part way through.

Mrs. G. S. Pulley, daughter of Mr. Teeple, was in another part of the house when she heard the crash. She ran to the kitchen and there

found the lion. She screamed, and Llewellyn retreated and went back door to the home of Mrs. R. F. Finn.

Here he tried to break into the house, but the trainers had arrived, reinforced by Mr. Freeman. The man to get near a gun, and he loitered in the locality too long.

And these two telegrams made, the denouement was swift and terrible. Mr. Freeman pulled both triggers and the king of the jungle fell with a dull thud.

At this point, Llewellyn made two mistakes. He permitted Mr. Freeman to get near a gun, and he loitered in the locality too long.

And these two telegrams made, the denouement was swift and terrible. Mr. Freeman pulled both triggers and the king of the jungle fell with a dull thud.

IDENTIFY MURDER VICTIM; SUSPECT IS LOCATED.

Husband Certain Mutilated Body is That of Rich, Missing Mrs. Fay Sudow, Who Feared Just Such End.

The identity of the woman whose naked and mutilated body was found in the eucalyptus grove at the end of the Edendale car

line Sunday afternoon has been established to such a degree of certainty that the police have telegraphed to the authorities of a city a short distance from here to place under surveillance a sus-

pect whose name was linked with that of the supposed victim through information uncovered yesterday by Detectives McCar-

ron and Longuevan of the Boyle Heights Police Station.

The woman, according to the in-formation given to Captain of De-

fectives Moffatt is Mrs. Fay Sudow, 45 years old, owner of much real property in Los Angeles, who dis-

appeared last Tuesday. Her husband, coat had a belt which witnesses de-

clared was identical with that found near the body. In addition to these points the general description of Mrs. Sudow's height, weight, age,

and color of hair were given. The body was found in the eucalyptus grove at the end of the Edendale car

line Sunday afternoon has been established to such a degree of certainty that the police have telegraphed to the authorities of a city a short distance from here to place under surveillance a sus-

MAY MEAN NEW MURDER SECRET.

Pickers Find Human Skeleton on Universal Ranch Sunday Afternoon.

Another possible murder mystery was brought to light yesterday evening when C. N. Bingham of 1818 North Whitt-

ler street, Hollywood, reported to the police that he and his wife had found a human skeleton while picnicking on the

Universal Ranch Sunday afternoon. Mr. Bingham took the skull to the Police Station and said that the remainder of the skeleton is in a small, un-

covered wash on the north side of the Hollywood hills near the ranch house on the prop-

erty. It had evidently been there a considerable time. Detectives Ballesteros and Williams will make an investi-

gation today.

McCarren and Longuevan believe that Mrs. Sudow was driven to the vicinity of the grove in the auto-

mobile, and then walked across the tracks with the man.

A complete report on the cause of death and the physical condition of the body, which may give the police an additional clue, is expected to be made following an autopsy on the body, to be held at the undertaking parlors by County Autopsy Surgeon Wagner today. It is expected that the autopsy may bring to light certain facts that would materially assist the police in making certain of the identification and the motive for the crime.

TELLTALE DENTAL WORK.

Several peculiarities in the dental work in the victim's mouth should enable dentists who have performed work for her to recognize it from the following description, which was prepared yesterday for The Times by Dr. R. J. Hood, a dentist who has an office in the Consolidated Realty Building:

"Some of the work was recently done," said Dr. Hood. "The teeth evidently have been recently cleaned and a large gold inlay put in the upper right second molar. There is an old gold crown on the upper right first molar, and also a gold crown on the upper left first molar. On the latter tooth there had been much reason of gums and both buccal roots were exposed. A gold shell crown was on the left first bicuspid with a gold dummy between cuspid tooth and bicuspid teeth. The gold dummy had a hole in the top and the anchorage tooth was quite loose in the socket.

"The lower right second molar, upper left second bicuspid, upper left second molar, lower left second and third molars. All of the wisdom teeth are in, but the lower right first molar had been extracted and lower left first molar had been extracted when she was a child. For the other teeth had closed the space completely, making room for an ex-

traordinary set of teeth. The teeth were very white and the anchorage tooth was quite loose in the socket.

By AUTOMOBILE.

The theory that the victim was driven to the lonely spot in the hills in the automobile she is known to have purchased for the purpose was further strengthened by the fact that diligent inquiries from conductors and motormen on the Edendale car line failed to bring out anyone answering the description of the woman and a man. Detectives

found that those of the body found.

Sudow, of this city, is certain the body is Mrs. Sudow's.

Identification was made last night by Dr. J. Elton Lang, dentist, who performed some work for Mrs. Sudow several months ago. Although Dr. Lang was not able to recall all the details of the dental work in Mrs. Sudow's teeth, he said the new work is like the work he did. His office records, not available last night, will be checked today.

Another strong point, Detective Sergeant McCarron and Longuevan believe, tending to show that Mrs. Sudow is the woman whose body was found is that she failed to appear in court last Thursday for a highly important suit involving \$150,000 in which her husband is said to have applied to have the divorce case reopened with a view of obtaining what he termed community property.

"Torture, Allen and Heatherly could not be reached last night by telephone for details regarding the case. The case was continued, because of the absence of Mrs. Sudow, to next Friday. It was said by the real estate man who has transacted much of Mrs. Sudow's business.

FEARED DEATH.

At the same time it was learned by The Times that Mrs. Sudow has feared death at the hands of a certain man, whose name and recent whereabouts are now known to the police, and that she had wanted her friends and business associates in the past few months that if anything ever happened to her she wanted a thorough investigation made at once.

The police are withholding other important information through which they say they will be able to link their suspect with the murder and crime. Mrs. Sudow was last seen alive Tuesday, December 7. The suspect had been in Los Angeles about the same time. An automobile purchased by Mrs. Sudow and said to have been last in the possession of the man now in custody under surveillance, has disappeared. These are the main points in the evidence accumulated by Detectives McCarron and Longuevan in their investigation.

The identification was made by Mr. Sudow at the undertaking parlors of Brother & Dayton, 6240 Hollywood Boulevard, after nearly a dozen other persons had viewed the body. In spite of the fact that the largest portion of the face had been removed in the effort to hinder identification, Mr. Sudow was able to identify the hands, feet and neck of the woman, a small mole on the back of her head, a spot on the heel of the left foot, and other peculiarities of the face. In addition to that, Detective McCarron said, the general appearance of the body, the color of the hair, the age, some of the dental work, and portions of the body had been found near the forest applier were identified by the husband.

Another intimate of Mrs. Sudow added his identification to that of the husband last night. Some of the strong points are that Mrs. Sudow had been on a camping trip and her neck was sunburned in the same manner as the body. Mrs. Sudow had complained of having corn between the toes of her left foot and had worn some cotton between her toes and cotton was found between the toes on the body. Mrs. Sudow had worn a blister on her left heel and had placed some cotton over it and there was some on the left heel of the body. Mrs. Sudow's dental work corresponded exactly or very closely to that of the teeth in the body; Mrs. Sudow's

Ye Old Fashioned Spinet Desks

A Gift to Win a Woman's Heart!

In our unusually large assortment ranging from the most simple to the most elaborate desks, you are sure to find the very thing you want.

The Spinet Desk illustrated comes in Burled Walnut and in Mahogany.

These desks are priced in accordance with the new market conditions. This store invites comparisons.

COST OF PAPER IN LAST SUNDAY'S TIMES \$30,000

22c WORTH IN EACH COPY

Most Tremendous Circulation Ever Attained in Southern California, and Biggest Newspaper Printed in Any Part of the World

It consisted of 188 pages; over 1200 people engaged in its production and distribution. Apart from \$30,000 worth of newspaper, it represented large expenditures for telegraph tolls, cables, news gathering, editing, composition, engraving, printing and the countless items needed to create what has been called "almost a library in itself." Yet it retailed throughout Southern California at 10 cents, while regular subscribers, in connection with the Daily Times, paid about one-sixth the value of the white paper alone, 2 1/2 cents the copy.

It included The Times' Illustrated Weekly (a general-interest magazine); the Farm and Tractor (Southern California's agricultural journal); sections devoted to finance, markets, real estate and business; automobiles, sports and recreation; drama and moving pictures; local news and editorial; two great want-ad sections; rotogravure art folio; comic supplement; society section; the famous world-embracing telegraph section, and, incidentally, approximately 20,000 inches of advertising.

But most wonderful of all is the fact that it was bought by 137,000 households, that no midweek editions were included, no Sunday features were sold separately and counted as "newspapers," no Saturday street sales were made; no unsold copies taken back. In short, the prodigious edition (15,000 gain over last year) consisted strictly of full-fledged, complete newspapers, all copies carrying Sunday advertising, printing news up to 1 o'clock Sunday morning, and distributed almost wholly within three-hour automobile distance—greatest newspaper circulation ever reached within Southern California.

A Plain Statement

from Barker Bros.

About Furniture Prices

As Announced in the Sunday Times---

For months we have kept merchandise experts and buyers on the ground in the Eastern manufacturing and money markets in order that our information regarding any change in prices might be sure and instant.

For months, also, the people have asked us day after day, "What is going to happen to furniture prices?—Will they be lower? How much? And when?"

Saturday morning at ten o'clock we received a sudden wire from a national association of furniture manufacturers and retailers.

This message told that the association's committee of disinterested experts studying future furniture prices, has stated definitely and with authority that *furniture prices, based on new production costs, will be twenty-five per cent lower after January 1, 1921*, thus standardising furniture prices until July 1, 1921.

As for this firm, we shall not wait until January. We have taken immediate action.

Every piece of furniture now upon our floors and in our warehouses is included in the price drop.

(Signed) W.A. Barker

(Signed) Chas. H. Barker

(Any merchandise upon which an established price is required to be maintained is, of course, excepted.)

LINCOLN

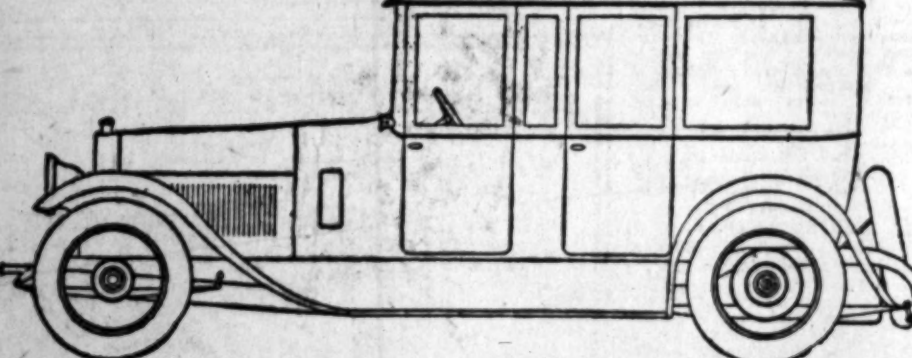

DIGNIFIED LUXURIOUSNESS

The Leland-built Lincoln Suburban Limousine represents in every detail a most perfectly appointed enclosed motor car.

Spacious, comfortable, sedate mode of travel, and, above all, that mechanical precision which means the utmost in ease and in performance. It is the ideal car for all occasions—primarily, a chauffeur-driven vehicle, but, by dropping the partition, it may be converted into a single compartment car.

Many models of the Lincoln are on display at the Automobile Show. Also, our elaborate sales rooms are open each evening this week.

Deliveries are now being made.

NORTHWEST GRID PRIDE ON DECK

Everett High Arrives Here for Big Battle.

Invaders Are Given a Most Hearty Welcome.

Captain Sherman is to Play With Visitors.

Everett High School's football team, champion of the Northwest, surrounded by coaches, trainers and several plain rosters, arrived here last night to prepare for the game with Long Beach High School on Friday afternoon.

Several hundred Long Beach students were at the Southern Pacific station to greet the invaders, and carted them off to a Los Angeles hotel in automobiles.

TO WORK OUT.

The Everett eleven will work out on one of the local high school fields for the first time, and which is to decide the prep school supremacy of the Pacific Coast.

Capt. Sherman, of the Everett team, whose eligibility was questioned by Long Beach because he has reached his twenty-first year, will play the Long Beach manager said yesterday.

LOST BUT ONE.

Realizing that Long Beach has a terrifically hard game in store in meeting a team which has lost only one game in eight years, and that by a margin of 1 point, Coach Klenholtz yesterday sent his men through a hard scrimmage.

The same procedure will be observed today, signal drill and tactical maneuvers occupying the seaside eleven tomorrow and Thursday.

The beach mentor has been working his men hard on the defense. Last week, according to Manager Lee Cummins, the scrubs were given the ball and in thirty-nine consecutive trials won the pill, advanced but twenty yards—about one-half yard per crack.

All the Long Beach boys are in wonderful shape, Henry LeFebvre, the crack halfback, and Lawson, the end, having recovered from injuries which kept them out of earlier games during the season.

The beach team has gone popper over the contest. A half holiday has been declared on Friday, and the residents of the salt air burg are expected to turn out en masse for the fracas.

Enough extra seating capacity has been added to the Long Beach stands to accommodate 15,000 persons.

Harvard Unable to Play a Game With Buckeyes.

(EXCLUSIVE DISPATCH.)

COLUMBUS (O.) Dec. 13.—Athletic authorities at Ohio State University, in trying to arrange the best possible schedule for 1921, when the Ohio stadium will be open for the first time, have found it impossible to arrange a game with Harvard University in 1921 on account of the inability of that school to make a return engagement. The invitation from Harvard said that the Crimson team could not play a return game on account of facility restrictions.

It is regretted by all who are interested in football that this contest cannot be a reality, because it would have given everyone a chance to see how the greatest team in the Middle West would stack up against one of the best teams of the East.

It is the desire of the athletic board of Ohio State to be able to offer as many at-home games as possible for the opening of the largest stadium in the country in 1922.

LONG BEACH GETS DEFI FROM EAST.

A challenge has been received by the Long Beach football eleven from the Haverhill (Mass.) team for a game on New Year's Day. The contest would be contingent on Long Beach's winning from Everett High Friday and Haverhill vanquishing East Tech of Cleveland, O. next Saturday.

BALL LEADERS IN HAPPY MOOD.

Pleased Over Harmony Between Two Leagues.

Agreement to be Ratified in Plenary Session.

Giants Are to Pay Big for Cincinnati Player.

(BY A. P. MONT WIRE.)

NEW YORK, Dec. 13.—Baseball leaders today were enthusiastic over the agreement reached here yesterday by representatives of the major and minor leagues, changing the constitution of the "national game."

The proposals agreed upon at a meeting marked by harmony must be accepted by plenary sessions of the leagues involved before they become the law governing the sport. The belief prevailed generally that ratification is merely a matter of form.

The National League probably will set upon the agreement at its annual meeting here tomorrow. The American League will pass judgment in Chicago on Friday. The National Association of Minor Leagues will hold a special meeting in Chicago on January 10 to take action.

The chief objection was to the make-up of the advisory council, composed of Judge Landis, President Johnson and President Heydier, who, the statement said, would have the sole power of drawing up regulations for the relationship of the major and minor leagues.

Only when the relationship between a major and a minor league club was shown the statement says, is minor league representation on the council provided for.

President Johnson, in the selection of Judge Landis as commissioner, but pointed out that the minor leagues would have no voice in the selection of a successor.

The "M. L." League head also indicated plans to restore the draft.

"The proposed agreement," his statement concluded, "has a great many good things in it. If the majors really desire a workable agreement, however, they will give the minors full representation in all matters wherein their interests are affected."

AMERICAN POLOISTS TO SAIL.

Large Contingent to Leave for England Today to Take Part in Matches.

LONG BEACH GETS DEFI FROM EAST.

(EXCLUSIVE DISPATCH.)

NEW YORK, Dec. 13.—Members of the international polo team who will visit England in the spring and two-score or more of other players and lovers of the sport, representing various polo colonies about New York, Philadelphia, Boston and Washington, together with the members of the polo committee, had a dinner on the Old North State, New York, tonight. The dinner was given as a farewell and send-off for the American polo ponies which will sail on this ship tomorrow and take part in the international championship in the spring.

The fifty ponies that sailed on the Old North State comprise the greatest polo string ever assembled in this country, and in some respects will be superior to the mounts sent over a number of years ago, when Harry Payne Whitney, captain of the American team, defeated the pick of English players and won the international cup.

Among some of the more widely-known mounts are Tenby, Royal Diamond, Eve, Belle, of All, and Nance Oldham. These ponies have competed in a number of international events in the past, and judging from their present form, will be able to give a good account of themselves in the coming international matches.

Among the list of other well-known mounts loaned by various men throughout the country are Auntie Ag, Marie, Maud, Matilda, Harkaway, Cinderella, Lucky Strike and Black Beauty.

Thomas Hitchcock, Jr., who, in all likelihood, will be a member of the challenging team, has been playing in England since late in the summer. The other members of the team will be Charles C. Rumsey, Louis F. Stoddard, J. Watson Webb, Earle W. Hopping and Devereaux Milburn.

The matches will be played at Hurlingham June 18, 19 and 25. The fifty ponies go to Wiltshire, on the Salisbury Plain, England, where they will be acclimated and given preliminary training before the commencing of the games.

MOON

MODERN MOTOR CARS

SPEEDING down the broad highway or drawn up to the curb in the conspicuous light of the theatre entrance the Moon Sedan reflects your idea of what a custom-built car should be.

Since Joseph W. Moon, out of a wealth of experience as a manufacturer of fine carriages, built the first Moon fourteen years ago, Moon design and coach work have set standards for motordom.

The Moon Sedan is a companion of luxury that fits into everyday use during all seasons.

There are the wide windows that close snugly and open easily. A foot-operated heater gives fire-side comfort on cold days. When warm rains or summer dust require closed protection, a ventilator, adjustable from the inside, keeps the interior cool with an abundance of fresh air.

Because of our inability to secure space at the Ninth Annual Auto Show, we are holding a Moon salon in our spacious salesroom, Dec. 11-19, daily, including evenings. The public is cordially invited to inspect the several models, closed and open, that are on display.

TOOLE ELECTED LEAGUE PREXY.

Is Now Head of International
Association.

Takes Place of the Retiring
David L. Fultz.

Chosen for One Year at
Salary of \$7500.

(BY A. P. NIGHT WRITER.)

NEW YORK, Dec. 12.—John
Conway Toole, attorney for the Na-
tional League, today was elected
president of the National Associa-
tion of Professional Baseball Clubs,
the new name adopted by the Na-
tional League. Mr. Toole
succeeds David L. Fultz.

The retirement of Fultz came as
a surprise. While no official state-
ment concerning it was made, it is
understood that major league own-
ers had brought pressure to bear
against his re-election because of his
alleged antagonism to organized
baseball in the past. The change of
name was attributed to the desire
"to place the league on a higher
plane."

FAVOR DRAFT.
The selection of Mr. Toole came
after C. H. Knapp of Baltimore
had been chosen head of the league
and then resigned when the league
temporarily went on record as fa-
voring a restoration of the draft
of players, provision for which was
made optional in the proposed new
agreement between the major and
minor leagues. Mr. Knapp said he
could not consistently hold the line
because of his connection with
the Baltimore club, which had been
an avowed opponent of the draft
and has not changed its attitude.
The club owners then called into

AUTO THIEVES GET SEVEN CARS.

The following autos were
stolen from the streets of Los
Angeles yesterday: Oakland
1916 roadster, 74-668; Stude-
baker touring, 182-698; Dodge
1920 touring, 208-123; Ford
1914 touring, 228-656; Ford
1917 touring, 160-677; Chan-
dler 1920 dispatch, 419-020,
and Essex 1920 touring, 408-
973. Anyone seeing any of
these cars will please notify
the auto theft bureau of the
Auto Club of Southern Cali-
fornia or police headquarters.

consultation Thomas J. Hickey,
president of the American Associa-
tion, who told the magnates that
his league also was opposed to the
draft. The National Association
then rescinded its action favoring
the draft and adopted a resolution
opposing it. Mr. Knapp then was
asked to reconsider his resignation,
but he refused.

FOR ONE YEAR.
The election of Mr. Toole is for
one year and his salary was fixed
at \$7500, the same as that received
by Mr. Fultz. The president of the
league also acts as secretary and
treasurer.

Club officers declared Mr. Toole
said he would accept the presidency
of the league if his election was
unanimous. As this was the case,
confidence was expressed that he
would accept.

The report of the retiring presi-
dent of the 1920 season showed
that the league, as a whole, en-
joyed one of the best years in its
history.

The minimum admission to games
in the league was fixed at 50 cents,
including war tax, which is an in-
crease of 10 cents over the mini-
mum admission last season.

Managerial vacancies remain in
Akron, Jersey City and Toronto.
All three places might be filled to-
morrow.

HEAVIES READY FOR THE GONG.

(Continued from First Page.)

house" over sports is indicated by
the fact that some of the squirrels
at the six-day bike race just ended
paid \$2 to get in and 50 cents extra
war tax that they might cling to
the topmost rafters and yell them-
selves speechless over nothing. The
more influential citizens laid out
ten bucks for a box seat with a dol-
lar added for Uncle Sam.

At the big carnival tomorrow
night the cheapest chair is \$5 with
50 cents to Secretary Houston while
the fish will give up \$25 with \$3.50
added to help pay Europe's war
debt.

SOME HOUSE.

The money in the house is prob-
lematical, but it is believed it will
reach \$100,000. Of this amount
Dempsey is to receive \$100,000 and
Brannan \$15,000 win, lose or draw.
This information was gleaned from
Tex Rickard's publicity depart-
ment but getting to see Tex Rick-
ard is like eating yourself into the
Vista House at midnight with an
amendment to the covenant of the
League of Nations.

But, being a promoter of Rickard's
career we suppose becomes a habit
and the man who indirectly gives his
wife a little publicity is a mere
chattel, according to his belief. How-
ever, some day he may change his
mind.

CORKER BILL.

But all in all, Rickard seems to
have arranged a corker of a bill-
it least it looks so from here.
The whole United States has been
old about the prowess of Jack and
Bill the headliners, so we'll skim
over them and say something about
the other boxers who will give the
fans a run for their money, even
if the stellar attraction ends quick.

There's "Big Bill" Tate and Nor-
folk—Goodness knows what his
real name is—the licorice stick and
the chocolate drop, respectively. Bill
is one of those elongated persons,
towering it seems, a head over
Dempsey—and the champion is a
six footer. Big Bill allows to watch

220 pounds at least, but we may be
wrong. Norfolk is a light heavy-
weight. He wheezes around the ring
like a horse with the heaves. He
stands about five feet in borrowed
shoes and weighs in the neigh-
borhood of 165 pounds. Visualize for
moment if you will these two crows
in the ring. Do you remember way
back when "He does" and "I don't."
That's them.

GOING GREAT.

Charley Welner, the big Newark
heavyweight meets Bartley Madden
in one of the bouts. Charley, ac-
cording to the records, has been go-
ing great since his return to the
ring. He smacked one on
Sergey May Smith the other night
no.

One of the brightest spots on the
card is the middleweight team
which is scheduled for six innings.
Marty Farrell, the local entry will
clash with Frank McGuire of Phila-
delphia. This should be a whale of
a fight. Farrell is being touted by
Jack Dempsey and Jack Kearns as
the real work. Farrell appears to
have a mighty wallop and a world
of speed, but from all accounts he
will need it when he confronts the
Philadelphia. The latter showed
here last month and beat Jeff Duff,
the tough Greek from Chicago, in
superb fashion.

So, take it all in all there's going
to be quite a show here tomorrow
night. May the best men win.

COACH COX'S TEAM

WINS WITH CASABA.

In a practice basketball game at
Hollywood yesterday, Coach Cox's
team beat the unlimited Huntington
Park five by a score of 27 to 14. In
a lightweight game with the same
contestants the decision was re-
versed, Huntington Park winning, 23
to 15. Foley and Muncy officiated
as referees.

LAYTON CUSHION CHAMP.

(BY A. P. NIGHT WRITER.)
CHICAGO, Dec. 12.—John Lay-
ton of St. Louis tonight won the na-
tional three-cushion-billiard cham-
pionship by defeating Robert Canne-
fax of New York, 75 to 64, in ninety-
nine innings.

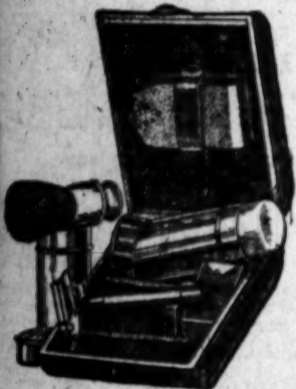

Experimenting with roofing does not pay.
Demand a roof that is fire-proof—leak-proof;
a roof where strength and permanence does
away forever with repair bills; a roof whose
artistic beauty blends with any style of archi-
tecture.

Clay Tile Roofing

is all this and more. It is becoming more firmly recog-
nized as the ideal roofing. Ultimately it is the most
economical roofing, as a first cost is its only cost. The
L. A. Pressed Brick Co. produces clay tile roofing in a
larger variety of patterns and colors than any other
manufacturer in the country. For absolute satisfaction see
that "Los Angeles Pressed Brick Co. Clay Tile Roofing"
is written in your specifications.

Victrola this
Christmas IS a

VICTROLA

CHRISTMAS and the New Year
will soon be here. Possibly you are
one of the thousands who already
plan to give that grand invest-
ment, a genuine VICTROLA.

If so, Congratulations! For a home with music
is indeed a home of happiness, and the Vic-
trola is one of the greatest sources of music
mankind has ever known. But a word of
warning:

Be sure it is a genuine Victrola.

The Victrola is the standard talking machine
of the world. Victrolas, and their matchless
Victor Records, are products solely of the Vic-
tor Talking Machine Company. A genuine
Victrola always bears the famous Victor trade-
mark. That trademark is for your protection.

If the trademark isn't there, the instrument is
not a Victrola.

We suggest that you search out the dealer who
specializes in Victor products. He is particu-
larly well equipped, in Victor merchandise
and Victor experience, to serve you.

Victrolas \$25 to \$1500
Any Victor dealer will gladly arrange
convenient payment terms

VENICE WORK IS UNDER FIRE

Cost Thirty Thousand Over
Engineer's Estimate.

County Grand Jury Requests
Excavations be Made.

City Trustees Are Asked to
Assist Investigators.

As an outcome of the investigation being made of conditions at Venice the county grand jury yesterday sent letters to County Surveyor Rockhold and the Board of Trustees of Venice, asking that excavations be made to determine the amount of earth used to fill in portions of Strong Drive and Virginia avenue in that city.

It was stated by Dep. Dist. Atty. Stanford that when the Venice City Engineer made estimates it was thought the fill would cost about \$20,000, but by the time it was completed it had mounted to \$64,000. It was stated that the contract work was done at a certain amount a yard and close to the City Engineer's estimate.

As a result the jury asked Mr. Rockhold yesterday to make enough excavations at various spots to determine the depth of the fill and the amount of earth used. A copy was sent to the Venice Board of Trustees asking them to aid the County Surveyor in every way possible.

Sues Bank for Cash Paid Out to Mrs. Peele.

Russ Avery, acting as special administrator of the estate of Jacob Charles Denton, whose murdered body was found in the basement of his home in the city, yesterday filed suit against the Farmers' and Merchants' National Bank here to recover \$750 claimed as due to the estate after Mr. Denton's checks had been deducted from his credit balance.

The action is a friendly suit to determine the merits of two checks signed with Denton's name, which the bank cashed for Mrs. R. C. Peele, now held in the County Jail under indictment for Denton's murder. The estate maintains that the two checks, which totaled \$750, are forgeries, while the bank, which cashed them after Mrs. Peele explained oddities in the writing by saying that Denton had suffered a wound in his arm, will not reimburse the estate unless it can be shown that the signatures were not genuine.

WILL TALK ON CHINA.

Peking Workers to Speak at Y.M.C.A. Drive Dinner.

Sidney D. Gamble and J. S. Burgess, who have just returned from Y.M.C.A. work in Peking, will be the principal speakers at the opening dinner of the \$7500 campaign of the Los Angeles Y.M.C.A. at 6 p.m. today. Edgerton Shore of Hollywood will be toastmaster. A special guest of honor will be Yu Wong, a Chinese boy being educated at the University of Southern California for Christian work in China. Plans for the entire campaign will be detailed and many teams organized. A large part of the fund will be devoted to work among students and boys in the city of Peking.

WOMEN'S WORK, WOMEN'S CLUBS.

BY MYRA NTE.

Ebell Club.

"Why are his ears so low?" Though a Russian woman may have lived with her husband for years, so intimated in her is it to obey him, to work for him, to entertain him, to be his doll, that it is only when she sees him for the first time after she knows she no longer loves him that she thinks of such a criticism. It is in Tolstoy's novel, "Anna Karenina," that Anna asks with disgust, "Why are his ears so low?" a question that typifies a phase in the emancipation of Russian woman-kind," said beautiful Mrs. Maria Baranovsky, appearing yesterday before the Ebell Club at its regular meeting.

Mrs. Baranovsky's hands are only a degree less expressive than her fine dark eyes, as she gestures in a distinctly foreign, in a charming way she talked to these twentieth century club women of her own country, tracing their love of freedom back to the days of the eleventh century when they were kept by their husbands as prisoners in their homes, until today the great storm has broken and the women are free to be a fascinating furniture for their homes.

Mrs. Baranovsky, after many hardships, escaped from the turn of her native country and is making Los Angeles her home. She is a sister-in-law of Kerensky, a woman of refinement, loveliness and intelligence, and her story of her countrywomen proved to be a fascinatingly authoritative one.

The next meeting of the club will be Tuesday of next week, instead of Monday, as is customary. It will be a children's party, when all the little friends of Ebell are asked to bring new toys or money for the Children's Hospital.

WOMAN'S CITY CLUB.

"In extending Broadway beyond Tenth street, the inflated selling prices of land adjoining, the immense expense of tearing down the east of labor at the highest peak when the work was done and most of all the tremendous cost of litigation, resulted in practical cancellation of property," was the statement of G. Gordon Mifflin, secretary of the City Planning Commission, speaking yesterday on "Abolishing Special Privileges in Cities," before the Woman's City Club.

Mr. Mifflin went on to say that in this instance the remedy might have been in an excess condemnation law, such as the Legislature will consider at the next session. If this law had been in effect, Mr. Mifflin stated that the extension could have been made so that all the property from Broadway to Main and from Tenth to First would have no increased in value, with no waste property, that the advance in price would have been paid for the improvement.

Philanthropy and Civics.

The address of Paul Jordan Smith, "Towards Democracy," that was to have been given today before the Philanthropy and Civics Club, has been postponed because of the funeral of Mrs. Charles Miller, prominent member of the club. The club will meet for sewing as usual tomorrow.

Florence Sterling Cruger will speak in the place of Mrs. Smith at 10:30 a.m. at the Highland Park Ebell Club, her subject being "A Morning with the Poets."

DISHONEST ADVERTISER DENOUNCED.

Vigilance Board Counsel
Says Scoundrels Driven
from East Come Here.

The only safe place for the fraudulent business man will be in the Pacific Ocean when the plans revealed by Richard H. Lee, advisory counsel to the National Vigilance Committee of the Associated Advertising Clubs of the World, to the informal meeting of advertising agencies here yesterday are put into effect.

"The aggressiveness of the Better Business Bureau movement in the East has made the territory east of the Mississippi too uncomfortable for these scoundrels, and they have been coming West in recent years," he said. "I am glad to see that the honest business men of the Pacific Coast have organized a large part of the fund will be devoted to work among students and boys in the city of Peking."

Education rather than legislation was heralded as the best weapon to kill the dishonest business man. Mr. Lee said that the honest advertiser could not compete with the dishonest advertiser, no far as the success of the present moment was involved, but that permanent good will attached itself finally to the business firm, whose advertising was found in the long run to be honest and with whom dealing was considered "safe." In every community, declared the speaker, there are many "safe" houses to deal with, and it was for their best interests to search the "unsafe" institutions in order to maintain the public confidence in business in general.

"The future welfare of business lies in the hands of advertising men," he stated. "It is their duty to build the good will of the firm, to win the public confidence. They will often cause the firm to lose a sale today in order to gain two sales tomorrow. But it is the policy of far-sighted vision. Advertising is the stabilizing force in modern business. Advertising builds the permanent success of any reliable firm that is in business to stay."

BOXER ACCUSES WIFE OF THROWING HIM OUT

Charles (Kid) Dalton, boxer, was restrained by Judge Taft yesterday from going to the home of his wife, Anna Dalton, more frequently than once a week. Mrs. Dalton complained that when her husband called to see their child, he man-handled her.

Mr. Dalton denied beating his wife, and countered by saying she threw him out of the house. He is under an order to pay his family \$23 a month temporary alimony pending the hearing of Mrs. Dalton's suit for divorce on the ground of cruelty.

Building New Bank

Greatly increased business has compelled the Commercial National Bank to double its capacity.

When the rebuilding work is finished it will be an entirely new bank.

The entrances on Spring Street and on Fourth Street will remain where they are. There will be a long center lobby.

Complete new fixtures will be installed. The tellers' windows will be on the south side of the lobby. The officers' desks will be on the north side behind an open rail—this bank believes in personal contact with its customers.

On the floor below a complete new and modern safe deposit department will soon be finished.

This will be a convenient, pleasant and cordial place to transact your banking business in 1921.

We suggest four per cent term accounts as Christmas gifts. We will furnish an appropriate presentation card with each Christmas savings account opened.

"MARSHUTZ" GLASSES FIT THE EYES

AIM DEMURRER AT INDICTMENT.

Counsel for Defense in Wet Case Asks More Time.

Hints at Fight on Sufficiency of the Instrument.

Isn't Specific on Time and Place, It Is Declared.

When seventeen of the twenty defendants in what is known as the sacramental wine case appeared before U. S. District Judge Tripper yesterday to plead to the indictment recently returned by the Federal grand jury, Paul W. Schenck, counsel for the defense stated that he would file a demurrer to the indictment during the week and that the argument might be set down for next week. This was agreed to by the prosecution. Only J. Mayer, R. B. Stevenson and G. H. Johnson of the indicted men were absent.

The demurrer to this indictment, as well as that returned against the Groves brothers and Joe Goldberg, will, in a general way, it is said attack the asserted artificiality of the charge in that it is indefinite and uncertain, and does not set out a violation of law in that clear and unmistakable manner required by the statute. In the indictment it is charged that on or about July 1, the defendants conspired to sell barter and transport certain liquor but as the demurrer will say, the instrument does not tell how or when, such illegal bartering or sale was made.

On account of the absence of Judge Bledsoe from the city, the case against P. Kay, Ralph and Edward Groves, and Joe Goldberg, charged with violation of the national prohibition law and the Volstead Act, was not acted upon except to agree that the demurrer in that action will be argued before the jury on Tuesday of next week. There will be no plea to the indictment in either case until the demurrers are disposed of, the tendency of such an instrument acting as an automatic stoppage to any further proceedings. It is possible that the demurrers may be disposed of, and the plea of the defendants received, in time to have the hearings fixed when the calendar for the January term of the court is called.

With the present congested condition of the calendar in both courts, the approximate date of the final hearing cannot even be approximated, it is said.

SHRINERS ASK HELP FOR JIM WATTERSON.

HE'S CONSUMPTIVE AND COIN IS NEEDED TO MAKE HIS HOME SHIP-SHAPE.

With winter coming on apace, demands upon Shrine Christmas Relief Headquarters are growing. A typical case which calls for help by the Shriner is that of Jim Watterson.

Jim is a consumptive. He lives with his wife in a little shack built up on a hill. The shack is of rough boards. Through the broad cracks the wind whips. At the back of the house is a rude door, made of two boards—with air space around them big enough for a man to go through.

Watterson and his wife use an old sanitary couch for a bed. They need another bed badly, as well as cooking utensils and dishes.

According to the report of ship-repair investigators, two days' work of a carpenter would fix Jim's house ship-shape for his simple needs and help to make the rest of his fast-fading life comfortable. The total cost for materials and labor would not exceed \$150.

It is for such cases as that of Watterson that Al Malachuk Shrine is soliciting for contributions of money, as well as food and clothing. Shrine Relief Headquarters are located at 118 South Spring street. The phone number is 15912.

Wilshire Heirs Draw Large Sum from Agreement.

The compromise effected after the trial of the Wilshire will contest, last June in which the jury disagreed, standing seven for breaking the will of Mrs. Susan Emerson Wilshire and five in favor of the will, was approved by Judge Rives of the Probate Court yesterday. Henry Gaylor Wilshire, a stepson of Susan Emerson Wilshire, contested the will.

Under her will, the residue of Mrs. Wilshire's estate, approximately \$400,000, was bequeathed to the Y.M.C.A. to be used for the protection of soldiers and sailors. By the settlement the Y.M.C.A. will receive about 27 per cent of this residue, or in round numbers, \$110,000, depending on the present value of the residue.

The children of the first Mrs. Wilshire will be given 25 per cent, and 30 per cent will go to Mrs. Sarah Wolcott, sister of the second wife. By the will she was bequeathed \$75,000 during her lifetime and upon her death it was to go to her heirs and heirs.

NEW CLUB FOR WOMEN.

Polyanna will be opened tomorrow by Community Council.

A new club home for business and professional women will be opened tomorrow on Clay street, near Angeles Flight, under the auspices of the Women's Council of Community Service. The new home, which will be known as the Polyanna Club, will accommodate thirty-six women and ten reservations have already been made. The flat rate will be \$15 per month, with \$2 additional as a probable charge for gas and electricity. The building has been entirely renovated, and now includes a community kitchen and dining-room on the first floor, where those who live at the club may cook their own meals. Mrs. Ella Charters will be director of the club.

Music Salons
Fifth Floor

Featured in Hamburger's First Annual Christmas Sale Is the

MARSHFIELD PLAYER PIANO AT 535.00

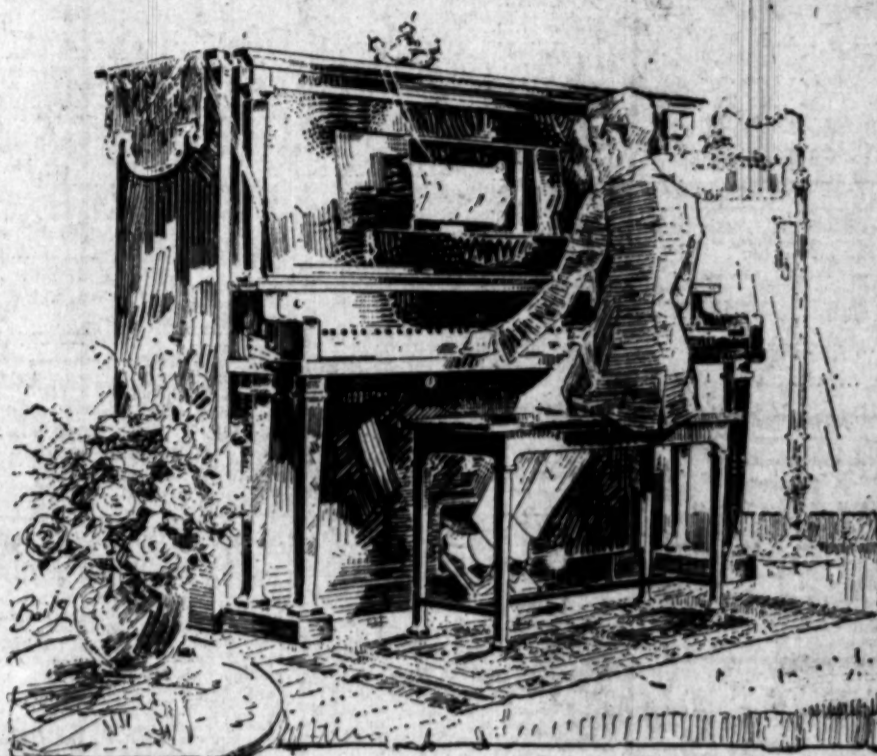

There are just ten left at this new low price which means a clear saving to you of 115.00. Worth while, isn't it, to secure this in addition to the beauty of the instrument and its sweetness of tone are these attractive features:

An Automatic Sustaining System

By the mere pushing of a lever, tones are sustained as long as desired.

A Number of Beautiful Finishes

Marshfield Players—as long as the selection lasts—may be had in either of these beautiful finishes. Dull Mahogany, Polished Mahogany and Oak.

A Transforming Keyboard

This enables you to change from one key to another in a moment or an accompanying instrument.

Brass Strings All-Copper Wound

They do not run and are resonant in tone. In addition there are the full notes and the beautiful finish in satin mahogany, glass mahogany and Flemish oak.

The Christmas Gift Supreme—A Piano or Player Piano Now Specially Priced for the First Time at Hamburger's

Los Angeles believes this is a splendid and fortunate opportunity to bring the very spirit of Christmas to the home. For throngs of happy Angelinos have crowded Hamburger's Luxurious Music Salons ever since this Christmas Sale Extraordinary was begun.

And no wonder, for what gift as much as a player exemplifies the holiday spirit of sparkling, dancing youth? What gift can be so universally enjoyed? What gift retains so much of its original expression after the memory of this particular Christmas has faded? You, too, may avail yourself of this golden opportunity. Select your Christmas piano or player now. Don't wait until the last few days. Come in at once and avoid the inconvenience of the last-minute rush. A wide selection, better service and lowered prices are among the advantages of buying now.

BUT, REMEMBER—these prices are only for a limited time. They do not continue indefinitely. Take advantage of them NOW.

(HAMBURGER'S—MUSIC SALONS—FIFTH FLOOR)

We have the player or piano you want. Prices range as low as \$35.00 for a player piano and \$70.00 for an upright piano. There is also a limited number of Doll & Sons Cupid Grands at \$35.00.

In each instance the price includes a combination player piano with all players, a piano stool with all pianos and a beautiful bench with all grands. Every piano and player in stock is included with the exception of Baldwin pianos.

WEDNESDAY MORNING.

AGREEMENT ON CABLES.

Meeting is Adjourned Temporarily.

Trying to Dispose of German Lines Makes Headway.

Seek to Consult with Governments Over Stated Problems.

WASHINGTON, Dec. 14.—Session of the International Communication Conference, threatened with adjournment several days ago over failure to agree on disposition of the German cables, will continue today in a plenary session.

Representatives of France, Great Britain and Japan, in the meantime, return home in conference with governments relative to the questions at issue, none of which have been settled.

Had been notified at the session which began here October 3, that the German cables were to be sold, but for the financial situation of Great Britain, Italy, Japan and the United States.

Representatives of the island of Yap, which has been given the mandate for which it has been installed upon by the United States, are also present.

It is understood that the conference will continue until the end of the month, but for the financial situation of Great Britain, Italy, Japan and the United States.

Representatives of the island of Yap, which has been given the mandate for which it has been installed upon by the United States, are also present.

It is understood that the conference will continue until the end of the month, but for the financial situation of Great Britain, Italy, Japan and the United States.

Representatives of the island of Yap, which has been given the mandate for which it has been installed upon by the United States, are also present.
